My Destiny Tome:

The Tome of God John J. Mulhall, 2017-08-14 The Tome of God traces the history of the Numerist Religion starting with the arrival from the stars to the final suppression by the Church in the seventeenth century The work encompasses the eras of Pythagoras Pharaoh Akhenaten the destruction of Jerusalem the Crusades and the genocide against the Cathars in France This beautiful religion is peaceful and is the only universal faith It preaches and proves that God does not speak to mankind in words but in mathematics God is not name but Number Says the author In contrast to other religious works which are inherently violent this work demonstrates that violence proves their fallibility Its abiding tenets are based on equality between man and woman and the need to abandon the tribe and become universal *Destiny's Time Crystal Y.*

Now is Not the Time for Flowers Stacey Heale, 2024-03-28 AS SEEN ON LORRAINE AND FEATURED IN THE TIMES Stacey Heale has such a muscular take on grief and her ideas around how we live with profound loss are truly original Clover Stroud When Stacey Heale's husband Greg was diagnosed with incurable cancer on their daughter's first birthday everything changed She quickly realised how little is spoken about what the harder times in our lives really look like leaving us lost to navigate the unknown alone Confronted with a new life she was not prepared for Stacey began to untangle the brutal realities of life and death and the fundamental differences between our expectations and reality Now is Not the Time for Flowers is Stacey's unflinchingly beautiful and raw memoir that addresses the big conversations that imminent death dictates boldly taking the reader on a journey through the full spectrum of our lives and their complexities Told through vignettes of her own life and the death of her husband Stacey offers a movingly honest insightful and humorous account of modern womanhood through the lenses of love desire motherhood death grief identity personal growth and the challenges and questions that our lives force upon us Now is Not the Time for Flowers is a powerful call to arms for us to discuss the messy and unexpected truths of our nuanced lives To tell the explicit truths of lives is critical to refrain from doing so keeps us lonely and isolated Women are shamed for their emotional natures and their desire to talk so much so we've shut down these avenues between us To be honest is to show care for ourselves and others There is integrity in truth it is freeing even when it's painful and hard Sometimes it can land like a blow to the head but its ripples are in no way as far reaching as secrets

The Daily Battle for a Normal Life Lorette Gay, 2019-05-02 Olivia was a townswoman of Haiti whose life has been persecuted in all aspects She talked about how in her childhood she has become a friend of nature which has impacted her life and abetted her throughout the diversity of many encumbrances Through nature she has learned what life is about and nature has helped her overcome utmost the madness she has encountered along her pathway She believes that the cycle change in the nature is likened to the cycle change in people's lives Abandoned by her father while she was only an embryo a father that had never come across her way isolated from her mother at the age of six she was left to be raised by her grandparents Her existence is marked by many junctures At an early age she already knew what sexual harassment is about She boarded many strangers' houses In her teenage years she traveled virtually the entire country from north south and central and has seen things that normal teens haven't seen and probably won't ever see in their existence In her thirties her husband left her in Haiti with two of her children after the chaotic presidential overthrow of 1986 Fearing retaliation by an uprising populace her husband was the first to emigrate in USA because as an act of reprisal toward anyone that had worked for the regime no matter what your job was thugs in the streets terrorized everyone you can be here today and dead tomorrow In 1987 after passing a long time into hell in a country still under revolution she and her children fled to New York Then ten months after she moved to Miami with her family where she made it home in the United States her adopted country In 1992 while her life started to recover her new home was hit by the most violent cyclone Hurricane Andrew which had destroyed everything she had amassed A few years later her husband left her again to go back to his native land to stay This is to ask if everyone that she loves will always find a way to pass as an absentee in her life Over the following years many chronic diseases have attacked her body and from there the fun started the fun game to stay alive No one would imagine of what she's going through She always looks happy but under the veil of her happiness was hiding all sort of life complications that you would never thought could happen to one person Her conviction is that she should not complain about herself In this world we're living in each of us carries secret onuses By experience she realized that people have a habit of comparing our burdens with the other people's It isn't a fair tactic to support a friend or a family member in despair by associating his or her problem with another Life is an impartial place for all of us Don't presume that some problems are less than others You exactly detain what you can bear oneself and what was predestined to fit only you
