My Time In Heaven Richard Sigmund:

My Time in Heaven Richard Sigmund, 2009-12-14 Is there life after death After a tragic accident doctors pronounced Richard Sigmund legally dead Eight hours later God miraculously brought him back to life on the way to the morgue During those hours God allowed him to experience the glorious beauty heavenly sounds sweet aromas and boundless joys of heaven that await every believer God then returned him back to earth with a mission to tell the world what he saw You will thrill to Sigmund s eyewitness accounts of strolling down heaven s streets of gold seeing angels playing with children talking with Jesus meeting with people from the Bible as well as departed family and friends seeing the mansions and much more Through Sigmund s testimony God restored sight to the blind hearing to the deaf and even raised several people from the dead Also glimpse into the horrifying reality of the other place a place where no one wants to go **A Call to War** Daniel Boyer, 2023-03-29 A Call to War is more than a battle cry it is a call by God for each one of us to enlist in His Army and surrender to His Lordship It is time to stand strong in the truth of the Word of God and reject Satan s lies and deception that are so prevalent in today s society It is time to relentlessly resist and defeat the kingdom of darkness with the spiritual weapons that God has entrusted unto each one of us We are called to take up the mantle of a soldier of God and walk in the authority and power of the Holy Spirit We are encouraged to preach the gospel message heal the brokenhearted preach deliverance to the captives recover sight to the blind and set at liberty those that are bruised just as Jesus did The challenge has been set before us now is the time to go forth boldly and finish the race that He has set before us written to help all of us better understand the truth of the Word of God and how it can be applied to our lives today and to reveal the inroads that Satan and the kingdom of God have made into society today It is a call to repentance and a turning away from deception and false teaching of doctrines that many have been entangled in It is designed to allow the light of God s truth to permeate our minds and hearts and to eradicate the lies that Satan has woven into our lives and especially into society today It is meant to equip us with the spiritual weaponry that we need to successfully fight the kingdom of darkness with the full authority and power of the Holy Spirit who lives within true believers in Christ Jesus has won the victory on the Cross at Calvary we simply need to apprehend that victory for our personal lives **What's the Truth About Heaven and Hell?** Douglas A.

scholarship provides readers with tools to assess each position in the light of Scripture *Heaven 3.0* Michael L.

Mathews, 2012-09-06 If you have ever hoped that you could see or experience aspects of heaven while on earth then *Heaven 3.0* is the book for you. Heaven has begun reigning down God's messages, glory, and revelation as every day circumstances allow people to witness God's promises about heaven. Consider just two facts matched against God's promises: 1. every day in the world over 770 people witness a glimpse of heaven through a near-death experience, and 2. Millions of people around the world have switched their religious beliefs based on a heavenly dream they experienced. Documented stories like these allow humanity to touch heaven and see another generational cycle of truth about heaven. *Heaven 3.0* allows readers to realize we are entering a 3rd generation of knowledge about the greatest place known to every person who has and will walk planet earth, and that place is called heaven. *Heaven 3.0* will challenge, delight, and inform every reader about their opportunity to enter into full view of God's promises. God informs us to watch for signs and wonders in the heavens (Acts 2:19) and that the Heavens would open up and rain down righteousness (Isaiah 45:8). *Heaven 3.0* allows readers to enjoy the promise of heaven and realize that the advances of the world are not just for physical things such as technology, media, and entertainment, but also for the things that pertain to the Kingdom of Heaven. Both Heaven as well as earth advance, and the Author of *Heaven 3.0* encourages you to see and believe in the advancement while staying connected to scriptural truth. This advancement allows anyone who is willing to see and believe that the common ground and destiny called heaven was prepared for people of every tribe, tongue, and nation.

Our Last Day and the Return of Christ James Williams, 2024-09-03 This book is intended to clear up many of the misconceptions being carried by the organized church for the last two thousand years. Many of these misconceptions have been put into place on purpose. The early Church Fathers felt the need to distance themselves from the Hebrew Bible and changed dates and church traditions to bring about what people understand today. The pages of this book hold the key to understanding the truth about things to come. Have you ever asked yourself or someone else why Jesus says he is coming soon but it's been two thousand years? You will find the answer to that question in the pages of this book. You will discover what the book of Daniel was told to shut up is and why he was told to do this. The truth about the last days is simpler than you think, and God's glorious mystery is now become clear.

Imagine Heaven John Burke, 2015-10-13 It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlates with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. *Imagine Heaven* is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about

children and pets This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today It also tackles the tough questions of heavenly reward and hellish NDEs Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this fascinating and hope filled book *Visits to Heaven and Back: Are They Real?* Mark Hitchcock,2015-02-19 What will heaven really be like Today s bestseller lists are filled with stories of those who have claimed to experienced heaven firsthand Curiosity about what will happen after we die is as strong as ever in the twenty first century Yet each book contains a different story about what we will experience in heaven What are we to believe What is true In *Visits to Heaven and Back Are They Real* Mark Hitchcock a respected Bible teacher sorts out the facts He chronicles the recent phenomenon of heaven books comparing and contrasting the ideas presented in these books and revealing the discrepancies and contradictions Then Mark turns to the Bible laying out clearly the teachings about heaven and experiences in this life of another world The Bible does reveal that there is a world beyond this one but it also contains clear warnings and amazing promises Discover today God s clear and certain promises concerning heaven *The Wow of His Word* Edwina Doyle,2015-05-21 The *Wow of His Word* answers tough questions about Christianity and the Bible while explaining why the Bible is the handbook for happiness While sharing her own spiritual journey the author shares fascinating stories of martyrs missionaries reformed atheists revivals and miraculous healings that will spark faith in unbelievers and rekindle that of believers *Before Creation, Planet Life, After Life* Donzella Ervin,2022-01-04 The purpose of this book *Before Creation Planet Life After Life* is to cause readers especially Christians to search for a broader perspective of Scriptures referencing man s existence before and after death I hope this work will initiate more thought as to when where and how we fit into God s mind and final plans for us If we embark upon this search looking at Scripture through traditional lenses we will miss seeing the things of God by the faith of God He is the one who invited us saying If any man lacks wisdom knowledge on any subject let him ask of God who gives to all men liberally holds nothing back from us Yet there are many church leaders who warn their parishioners against asking God questions concerning those things which plague their souls even though the book of Job is a good example that God is not intimidated by our questions Considering Job s experience and reverence for God while searching for answers I believe the result of our seeking and asking will bring us the comfort and steadfastness that we so desperately need in our times of sorrow and disconnectedness It may give us that blessed assurance that we have been are and will be forever with the Lord We re not strangers to Him because He said that He chose us in Him knew us before the foundation of the world was laid Ephesians 1 4 *Good Grief* Sue Borrows LaRue,2019-08-13 This is an inspirational testimony of how God demonstrates His grace in human tragedy Suzie Borrows battled for her husband s life praying for a miracle Hers is a story of love loss and new life a story of holding on to God s promises in faith a story of talking to the Lord about everything and seeing Him answer prayer in unexpected and unimagined ways This is the story of a woman laying her faith on the Word of God and believing Him for the literal truth of

His Word speaking His Word back to Him and humbly reminding Him of those promises His answers to her heartfelt cries were provided through undeniable revelations which exceeded her dreams Through His many mercies to Suzie God's purpose gradually became her purpose As human beings we may all enjoy blessings such as family health and prosperity but we will also likely suffer loss hardship and grief Suzie's discovery of the ultimate power of God and His Word along with her growing understanding of how much He truly loves us transformed her life Come along with her and experience the miraculous hand of God in the midst of her circumstances He is no respecter of persons and wants you to know His love in a tangible way as well Your faith will be ignited just as Suzie's was as she walked hand in hand with the Lord **Sudden**

Death in Opera Michael Trimble, Robert Ignatius Letellier, Dale Hesdorffer, 2021-09-28 An aspect of dying in opera rarely observed or commented on is Sudden Unexpected Death There are many deaths in this melodramatic genre most follow expected causes like murder suicide or old age This book explores those deaths which occur without obvious natural causes These are often central to the overall drama of the opera representing denouements forming the epiphany of the story and the apotheosis for the audience The book identifies 50 operas where such events occur exploring the role of the dramatis personae the circumstances of their dying and specific themes that emerge These include a preponderance of females especially in the 19th century who die mainly at the end of the operas often in the context of tragedy It charts the growing awareness in the medical sciences of the unconscious forces driving human behaviour including liminal mental states and trances which influenced these operas and continue to affect human behaviour to the present day In addition the changing philosophies that are intertwined with operatic narratives in particular stemming from Kant Hegel Schopenhauer and Nietzsche are important in the book's exegesis as is the special role of Wagner's compositions This leads to the exploration of recurrent concepts such as the Liebestod the ewig Weibliche and redemption itself **Imagine Heaven Devotional** John

Burke, Kathy Burke, 2018-07-31 In 2015 John Burke's Imagine Heaven took the book world by storm landing on the New York Times bestseller list and selling more than half a million copies Its exhilarating picture of heaven drawn from Scripture and illustrated with true stories of near death experiences enthralled readers and offered real life evidence that supported their faith and answered some of their most pressing questions about life after death Scripture tells us to Think about the things of heaven not the things of earth Col 3:2 Now readers can meditate daily on the realities of heaven with the Imagine Heaven Devotional Each of the 100 devotions includes near death stories from the bestselling book Scripture a prayer as well as brand new stories and content that helps readers apply these heavenly promises to how they live life today **Inventing**

Afterlives Regina M. Janes, 2018-07-31 Why is belief in an afterlife so persistent across times and cultures And how can it coexist with disbelief in an afterlife Most modern thinkers hold that afterlife belief serves such important psychological and social purposes as consoling survivors enforcing morality dispensing justice or giving life meaning Yet the earliest and some more recent afterlives strikingly fail to satisfy those needs In Inventing Afterlives Regina M Janes proposes a new theory of

the origins of the hereafter rooted in the question that a dead body raises where has the life gone Humans then and now in communities and as individuals ponder what they would want or experience were they in that body From this endlessly recurring situation afterlife narratives develop in all their complexity variety and ingenuity Exploring afterlives from Egypt to Sumer among Jews Greeks and Romans to Christianity s advent and Islam s rise Janes reveals how little concern ancient afterlives had with morality In south and east Asia karmic rebirth makes morality self enforcing and raises a new problem how to stop re dying The British enlightenment Janes argues invented the now widespread wish fulfilling afterlife and illustrates how afterlives change She also considers the surprising afterlife of afterlives among modern artists and writers who no longer believe in worlds beyond this one Drawing on a variety of religious traditions contemporary literature and film primatology cognitive science and evolutionary psychology Janes shows that in asking what happens after we die we define the worlds we inhabit and the values by which we live

A Spiritual Journey to Unwavering Faith Dave

Scelba,2023-05-19 Almost everyone at some point in their lives questions their faith and or belief in God Even the most learned religious scholars ordained and lay readers and faith based teachers admit to having doubt at times The author wrestled with faith and a belief in God for many years but feels blessed to have experienced a series of life changing events that opened his eyes heart and mind Today he has absolutely no doubt in the existence of God and that there is an afterlife A Spiritual Journey to Unwavering Faith is a multi denominational and multi dimensional book written for every reader regardless of their religious backgrounds or spiritual beliefs It details the writer s unique experiences and the purpose in sharing his spiritual journey is to give those with doubt a sense of comfort peace and hope It also provides confirmation and inspiration to those who already have faith and to hopefully strengthen their existing belief The author s spiritual journey began about a year before the passing of his father in law and continued to grow and become stronger with the passing of his father and mother Each died in the author s arms and as they took their last breaths he asked them to please give him a sign or do whatever they could to confirm the existence of God and the afterlife Literally moments after they each passed and many times since each communicated with the author and provided profound signs that were personal connections known only between themselves Initially the author viewed these After Death Communication ADC signs as sheer coincidences but after experiencing a series of unique strange unexplainable encounters the writer finally realized he was witnessing events that went beyond the obvious or what could be identified by using his five key senses Once he accepted the possibly a higher power was at work he allowed his eyes heart and mind to be opened to a whole new world or realm He also discovered the incredible power of prayer During his research and the discovery process the author read many books that included historical mythology afterlife experiences spiritual enlightenment faith the Old and New Testaments of several different Bible translations excerpts of the Koran Divine interventions and devotionals written by lay persons from around the world He especially enjoyed reading devotionals from people of all walks of life who told their stories through essays that connected to

specific scripture Their personal experiences relating to selected scripture were genuine insightful and deeply moving The author found it interesting how philosophies and life recommendations quoted in so many modern day spiritual and self help books and materials are rooted in scripture As the author connected his own personal events to specific scriptures he realized everything he was searching for was already compiled in one comprehensive best selling book of all time the Bible

Jesus Is the Way, Truth, Life Michael Pietrzyk, 2020-08-19 If you cannot comfortably say with confidence that Jesus died for your sins and opens the door of salvation for you or that you deny Jesus then this book is for you So many Christians take Jesus for granted and so many people do not understand His torment and the suffering He endured for us We began a spiritual journey when we enter this world We have a natural body and a world full of responsibilities to challenge us on our journey We are influenced by many outside sources and personal interactions with our family members and friends Ultimately we make the most important decision of our life Do we believe in God and accept Jesus as our Savior or do we reject God and accept atheism When you analyze the facts of the life of Jesus his loving teachings his horrible suffering death and miraculous resurrection you come to understand He did it for you Jesus is the Way the Truth and the Life His teaching brings light into your life Jesus is the gateway to eternal happiness when we leave this world Atheism with its evil influence wants to drag you down and have you reject God Atheists are in total denial about God Jesus supernatural experiences something from nothing and the wisdom in the formation of this universe and mankind Atheists want you to believe you will simply rot in the ground and accept life with no future hope If you are an atheist don't laugh at this thought and concern As a Christian I care for you and your soul That is certainly more than what the atheistic thinking has in mind for you Atheism under the influence of Satan offers you nothing but the door way to eternal conscious separation from God This book is a direct challenge to the thoughts and beliefs of the atheist I wrote this book with the hope it just might stir the mind of a non believer Then believing the Holy Spirit will do the rest

Reader's Block Matthew Rubery, 2022-10-04 What does the term reading mean Matthew Rubery's exploration of the influence neurodivergence has on the ways individuals read asks us to consider that there may be no one definition This alternative history of reading tells the stories of atypical readers and the impact had on their lives by neurological conditions affecting their ability to make sense of the printed word from dyslexia hyperlexia and alexia to synesthesia hallucinations and dementia Rubery's focus on neurodiversity aims to transform our understanding of the very concept of reading Drawing on personal testimonies gathered from literature film life writing social media medical case studies and other sources to express how cognitive differences have shaped people's experiences both on and off the page Rubery contends that there is no single activity known as reading Instead there are multiple ways of reading and for that matter not reading despite the ease with which we use the term Pushing us to rethink what it means to read Reader's Block moves toward an understanding of reading as a spectrum that is capacious enough to accommodate the full range of activities documented in this fascinating and highly original book Read it from cover to cover out of sequence or piecemeal Read it upside down sideways or in a mirror For just as there is no right way to read there is no right way to read this book What matters is that you are doing something with it something that Rubery proposes should be called reading

When The Rooster Crows Vincent L. Perri, 2023-07-15 This book closely examines our commonly held beliefs about human suffering and offers unique insights into God's role in why we suffer Dr Perri critically examines what it means to be human from a Judeo Christian perspective and extrapolates from the work of Carl Gustav Jung showing a deeply complex development of human transcendence in human suffering On an interpersonal level Dr Perri elaborates on the work of Martin Buber and Emanuel Levinas and shows how our suffering can be shared and lessened by our unconditionality and presence for the other Scriptural passages are quoted from both the Hebrew and New Testament texts and are used to depict the suffering of humankind as seen in the face of Job It was this face according to Perri that Jesus saw in the faces of those He came to redeem and that ultimately brought Him to the crucifix of redemption Dr Perri challenges Sartre's position that our existence precedes our essence and draws on the work of Abraham Joshua Heschel and Christian theology in this regard He further elaborates a neurodevelopmental paradigm that creates essence as the basis of our freedom to choose This book can be read and studied by both professionals in the helping and healing professions and lay persons seeking to better understand our suffering and how to better help those who suffer Dr Perri offers specific ways in how to be present for those

who suffer how to read and receive the hidden language of human suffering and how to use silence as a communication skill

The Timeline of Eternity Martin Koszegi, 2023-02-27 Given that the lying serpent of Genesis 3:1 appears after its two previous chapters without directly conveying how why or when the fall of the serpent took place before the fall of Adam in 3:6 it is understood that a historical overlay or insertion of text that could clarify the how why or when after the 1:1 creation has been Divinely withheld or distanced from these few opening chapters of the Bible Theoretically if God had inspired the authors and compilers of Genesis 1:3 differently meaning to include such details where might such details be overlayed or inserted Regardless of the answer any place where the details belong anywhere between Genesis 1:1 and 3:1 could legitimately be called a gap a term that is then being necessarily misrepresented when it is either implied as or strongly held as being a bad unscriptural word Obviously then all cognizant students of the Bible believe in a gap regardless of whether or not such students believe that they will on this side of eternity ever know where such details truly belong before Genesis 3:1 Thus regarding this topic the ultimate question is Which gap location is the most exegetically sound One might also ask Does it matter The answer is yes To coin the somewhat confrontational essence of the Gospel truth itself Believe it or not this ultimate beginning of evil topic being tethered to the age of the earth discussion as well as to other misunderstood topics along the Bible's timeline composes yes crucially evangelical subject matter necessarily making it as relevant and practical as any Bible topic could be For though there are indeed non negotiable Scripture truths that worldly minded individuals reject outright the problem is quite unnecessarily compounded when dramatically untrue matters evoke a potential biblical convert to instead think Well if that such as the unscriptural notion that the universe is approximately 6000 years old is what the Bible teaches then forget the whole bloomin biblical enchilada Herein author Martin Koszegi calls curative attention to traditionally embedded preconceptions about some important particulars related to origins end times and a whole lot in between that are worthy of sincere revisitation by those who care enough by those who have more in common with the Issacharian and Berian types of old than with some of Christendom's popular errors that the Church would do well to come into the unity of faith about The intent of this work then so says Martin Koszegi right along with a body of all those like minded is that it would be so
