William N. Zelman, Michael J. McCue, Noah D. Glick, Marci S. Thomas, 2020-08-11 This thoroughly revised and updated Fifth Edition of Financial Management of Health Care Organizations offers an introduction to the tools and techniques of health care financial management. The book covers a wide range of topics including information on the health care system and evolving reimbursement methodologies, health care accounting and financial statements, managing cash, billings and collections, the time value of money and analyzing and financing major capital investments, determining cost and using cost information in decision making, budgeting and performance measurement and pricing. The revised edition covers new accounting changes for nonprofit hospitals with respect to net asset accounts and includes an array of new financial statement problem sets for nonprofit hospitals. These changes also required major changes to the recording of financial transactions and implementing the latest financial ratio benchmarks. With the newest payment developments in the health care landscape, this new edition updates changes to Medicare and commercial payment systems. The passage of the new tax law also impacted hospital capital markets and for-profit hospital tax rates. This latest edition explains the impact of this tax law change on tax-exempt hospital bonds purchased by banks as well as presenting problem sets featuring the new taxes law. Finally, changes in lease financing reporting are also addressed in this edition. Entrepreneurial Finance for MSMEs Joshua

Yindenaba Abor, 2016-11-02 This book provides a framework for understanding micro, small and medium-sized enterprises (MSMEs) as important contributors to economic growth. By examining the economic and investment decisions behind these businesses, the author shows how managers of MSMEs can add value to the firm by applying managerial finance tools. Early chapters establish the basic tenets of new venture development and financing and explore the economic environment that business owners inhabit, focusing on venture capital, microfinance, intervention and public sector interventions. Later chapters guide the reader through the process of financial planning and forecasting and valuation, finishing with insights into how to harvest investments and make sound financial decisions. The book has interdisciplinary appeal and offers a timely consideration of MSMEs in developing economies. It will be valuable reading for all interested in the management and development of small businesses, the finance of entrepreneurship and policy affecting small and medium-sized enterprises.
