

FINANCIAL MANAGEMENT POLICIES AND PROCEDURES

SAMPLE

1. **GENERAL PURPOSE**

The purpose of these policies is to establish guidelines for developing financial goals and objectives, making financial decisions, reporting the financial status of the Agency, and managing the Agency's funds.

2. **FINANCIAL RESPONSIBILITIES**

It is the responsibility of the Board of Directors to formulate financial policies and review operations and activities on a periodic basis.

The Board delegates this oversight responsibility to the Treasurer of the Board and the Finance Committee of which the Treasurer is the Chair. This responsibility is shared through delegation with the Agency CEO and the Head of Finance (or CFO).

The Agency CEO acts as the primary fiscal agent, implementing all financial policies and procedures. The Agency CEO, with oversight of The Finance Committee is responsible for the coordination of the following: Annual budget presentation, management of the Endowment and other fund investments, selection of the outside auditors, and approving revenue and expenditure objectives in accordance with the Board approved long-term plans.

The Head of Finance with oversight by the Finance Committee has the day-to-day operations responsibility for managing Agency funds, ensuring the accuracy of the accounting records, internal controls, financial objectives and policies, financial statement preparation, and bank reconciliation review and approval.

The Accountant is directly supervised by the Head of Finance and is responsible for the preparation of the Chart of Accounts, Reporting Formats, Accounts Payable Processing, Payroll input and Payroll processing, Cash Receipts input, Journal Entries for General Ledger, Form 1099 reporting, Form 5500 reporting, and Form 990 reporting as well as Bank Reconciliations.

3. **CONFLICT OF INTEREST**

Members of the Board of Directors are prohibited from activities that might present conflicts of interest. The powers of directorship may not be used to personally benefit the Director at the corporation's expense. If a Director has a financial interest in a corporate transaction, the Director must fully disclose the interest and abstain from voting. Loans to Directors are prohibited.

4. **BUDGETING PROCESS** *(The entire Board must approve the budget.)*

The Agency's CEO, the Head of Finance, and the Treasurer shall be responsible for presenting to the Finance Committee and other Board Committees an annual operating budget draft sixty

the regulators that seek to regulate them cannot afford to neglect this book *The World's Future Crisis: Extractive Resources Depletion* Shahla Seifi, 2021-10-01 This book focuses mainly on strategic decision making at a global level which is rarely considered in approaches to sustainability This book makes a unique contribution as the work looks at global consequences of mineral exhaustion and steps that can be taken to alleviate the impending problems This book highlights how sustainability has become one of the most important issues for businesses governments and society at large This book explores the topic of sustainability as one that is under much debate as to what it actually is and how it can be achieved but it is completely evident that the resources of the planet are fixed in quantity and once used cannot be reused except through being reused in one form or another This is particularly true of the mineral resources of the planet These are finite in quantity and once fully extracted extra quantities are no longer available for future use This book argues and presents evidence that the remaining mineral resources are diminishing significantly and heading towards exhaustion Once mined and consumed they are no longer available for future use other than what can be recycled and reused This book demonstrates that future scarcity means that best use must be made of what exists as sustainability depends upon this and best use is defined as utility rather than economic value which must be considered at a global level rather than a national level Moreover sustainability depends upon both availability in the present and in the future so the use of resources requires attention to the future as well as to the present This book investigates the alternative methods of achieving the global distribution of these mineral resources and proposes an optimum solution This book adds to the discourse through the understanding of the importance of the depletion and finiteness of raw materials and their use for the present and the future in order to achieve and maintain sustainability **A Research Agenda for Financial Law and Regulation** Joseph

Lee, Aline Darbellay, 2025-01-09 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline thanks to generous funding support from the University of Zurich This prescient Research Agenda explores the transformative impact of technological advancements on legal and regulatory frameworks in the financial sector Balancing theory practice and empirical findings it provides a comprehensive analysis of the opportunities and challenges presented by the shift towards decentralisation and disintermediation Corporate Governance Jonathan R. Macey, 2010-12-12 Even in the wake of the biggest financial crash of the postwar era the United States continues to rely on Securities and Exchange Commission oversight and the Sarbanes Oxley Act which set tougher rules for boards management and public accounting firms to protect the interests of shareholders Such reliance is badly misplaced In Corporate Governance Jonathan Macey argues that less government regulation not more is what is needed to ensure that managers of public companies keep their promises to investors Macey tells how heightened government oversight has put a stranglehold on what is the best protection against malfeasance by self serving management the market itself Corporate governance he shows is about keeping promises to shareholders failure to do so results in diminished

investor confidence which leads to capital flight and other dire economic consequences Macey explains the relationship between corporate governance and the various market and nonmarket institutions and mechanisms used to control public corporations he discusses how nonmarket corporate governance devices such as boards and whistle blowers are highly susceptible to being co opted by management and are generally guided more by self interest and personal greed than by investor interests In contrast market driven mechanisms such as trading and takeovers represent more reliable solutions to the problem of corporate governance Inefficient regulations are increasingly hampering these important and truly effective corporate controls Macey examines a variety of possible means of corporate governance including shareholder voting hedge funds and private equity funds Corporate Governance reveals why the market is the best guardian of shareholder interests
