**Finding Eden** Robin Hanbury-Tenison, 2017-09-30 Sometimes it feels as though the whole planet has been so polluted and ravaged that there are no Edens left but they are there to be found by those who step off the beaten track So it was with mine Fifty years ago the interior of Borneo was a pristine virgin rainforest inhabited by uncontacted indigenous tribes and naive virtually tame wildlife It was into this Garden of Eden that Robin Hanbury Tenison led one of the largest ever Royal Geographical Society expeditions an extraordinary undertaking which triggered the global rainforest movement and illuminated for the first time how vital rainforests are to our planet For 15 months Hanbury Tenison and a team of some of the greatest scientists in the world immersed themselves in a place and a way of life that is on the cusp of extinction Much of what was once a wildlife paradise is now a monocultural desert devastated by logging and the forced settlement of nomadic tribes where traditional ways of life and unimaginably rich and diverse species are slowly being driven to extinction This is a story for our time one that reminds us of the fragility of our planet and of the urgent need to preserve the last untamed places of the world *Forms of English History in Literature, Landscape, and Architecture* J. Twynning, 2012-10-15 An exploration of the way English literature has interacted with architectural edifices and the development of landscape as a national style from the Middle Ages to the 19th Century Analyzing texts in relation to cultural artefacts each chapter demonstrates the self conscious production of English consciousness as its most enduring history *Historic Tales of Long Island City* Greater Astoria Historical Society, 2022 Legends of LIC Long Island City may be one of New York s fastest growing neighborhoods but it already has an incredible history within the Big Apple DeWitt Clinton lived in a mansion off Newtown Creek and is credited with bringing the Inland Empire to the Empire City by spearheading the construction of the Erie canal connecting America s heartland to New York s economic hub William Steinway saw Astoria as the perfect blank canvas to build his groundbreaking Steinway Settlement including a waterfront park public bathhouse housing a family mansion and a new factory to build his world renowned pianos The neighborhood has been a center of innovation with Chester Carlson s lab as the site of the first photocopy And the Sony company launched dozens of pioneering transistor based products from Sunnyside s Van Dam street Join the Greater Astoria Historical Society as they present historic tales from Long Island City [Documents on German Foreign Policy, 1918-1945: Germany and the Spanish Civil War, 1936-1939](#) Germany. Auswärtiges Amt, 1959 [Documents on German Foreign Policy, 1918-1945, from the Archives of the German Foreign Ministry](#) Germany. Auswärtiges Amt, 1959 [Inventing Americans in the Age of Discovery](#) Michael Householder, 2016-05-06 Inventing Americans in the Age of Discovery traces the linguistic rhetorical and literary innovations that emerged out of the first encounters between Europeans and indigenous peoples of the Americas Through analysis of six texts Michael Householder demonstrates the role of language in forming the identities or characters that permitted Europeans English speakers primarily to adapt to the unusual circumstances of encounter Arranged chronologically the texts

examined include John Mandeville's Travels Richard Eden's English language translations of the accounts of Spanish and Portuguese discovery and conquest George Best's account of Martin Frobisher's voyages to northern Canada Ralph Lane's account of the abandonment of Roanoke John Smith's writings about Virginia and John Underhill's account of the Pequot War Through his analysis Householder reveals that English colonists did not share a universal homogenous view of indigenous Americans as savages but that the writers confronted by unfamiliar peoples and situations resorted to a mixed array of cultural beliefs myths and theories to put together workable explanations of their experiences which then became the basis for how Europeans in the colonies began transforming themselves into Americans **The Global Refuge** Owen
