Arms Politics Francesco Buscemi,2025-08-15 In Arms Politics Francesco Buscemi tells the story of the ceasefire disarmament and rearmament of the Ta ang movement in Myanmar s Shan State through an analysis of the formation of the Palaung State Liberation Front Ta ang National Liberation Army PSLF TNLA With a focus on the circulation of weapons through the post 1991 ceasefire disarmament and rearmament years Buscemi explores how becoming and being an armed force leads to the becoming and being of a rebel polity Buscemi argues that the governance of arms and weaponry by rebel movements such as the PSLF TNLA shapes historically and spatially complex relationships among leadership rank and file civilians and civil society groups Furthermore he demonstrates that it is through the acquisition of weapons and the governing of armed collectives that rebel movements reproduce and shape the collective identity of their polity and its political geography Against the backdrop of the world s longest ongoing armed conflict Arms Politics shows how the processes and practices of governing weapons shape social and spatial relations of rule at the edges of state authority

**The Routledge Research Companion to Energy Geographies** Stefan Bouzarovski,Martin J Pasqualetti,Vanesa Castán Broto,2017-07-06 Energy has become a central concern of many strands of geographical inquiry from global climate change to the effects of energy decisions on our lives However many aspects of the black box of

relationships at the energy society interface remain unopened especially in terms of the spatial underpinnings of energy production and consumption within nations cities and regions Debates focusing on the location and nature of energy flows frequently fail to consider the multiple geographical networks that illustrate and explain the distribution of fuels and services around the world Providing an integrated perspective on the complex interdependencies between energy and geography The Routledge Research Companion to Energy Geographies offers a timely conceptual framework to study the multiple facets of energy geography including security space and place planning environmental science economics and political science Illustrating how a geographic approach towards energy can aid decision making pathways in the domains of social justice and environment this book provides insights that will help move the international community toward greater cooperation stability and sustainability **Geographers** Elizabeth Baigent, André Reyes Novaes, 2018-11-15 Geographers

Biobibliographical Studies Volume 37 explores the concept of distinction in geography Through the lives of six geographers working in Brazil North America Europe and R union it investigates what distinction consists of how we identify and celebrate it and how it relates to quotidian practices in the discipline The volume highlights the continuing importance of biography and the International Geographical Union in recording and assessing distinction It also considers the relevance of personal networks for the circulation and translation of distinguished geographical knowledge and how this knowledge can underpin applied projects and critical appraisal of geographical scholarship both at a national and sub national level Gendered notions of distinction are also addressed particularly through June Sheppard who found limited recognition for her work as a result of gendered expectations within the discipline and society at large By reflecting on how we locate distinguished geographers and tell their histories Geographers Biobibliographical Studies Volume 37 makes an important contribution to fostering less canonical work in historical geography **Heritage Tourism Beyond Borders and**

**Civilizations** İnci Oya Coşkun, Alan Lew, Norain Othman, Gökçe Yüksek, Semra Günay Aktaş, 2020-06-29 This book gathers the best papers presented at the 11th Tourism Outlook Conference held in Eski şehir Turkey from 3 to 5 October 2018 Covering various aspects of heritage and its effects on tourism issues the contributions provide a multidisciplinary perspective on emerging issues and challenges in the area The book also analyzes both the tangible and intangible properties of natural cultural and historical heritage and how these relate to and influence tourism and evaluates the importance and role of heritage in tourism destinations and products By providing a platform for cross disciplinary dialogues that integrate research and insights from diverse geographical sectoral and institutional perspectives the book allows readers to gain a better understanding of heritage tourism
