Education ,1972 **Effectiveness of teachers' guides in the Global South** Benjamin Piper,Yasmin Sitabkhan,Jessica Mejia,Kellie Betts,2018-05-10 This report presents the results of RTI International Education s study on teachers guides across 13 countries and 19 projects Using quantitative and qualitative methods we examine how teachers guides across the projects differ and find substantial variation in the design and structure of the documents We develop a scripting index so that the scripting levels of the guides can be compared across projects The impact results of the programs that use teachers guides show significant impacts on learning outcomes associated with approximately an additional half year of learning showing that structured teachers guides contribute to improved learning outcomes During observations we find that teachers make a variety of changes in their classroom instruction from how the guides are written showing that the utilization of structured teachers guides do not create robotic teachers unable to use their own professional skills to teach children Unfortunately many changes that teachers make reduce the amount of group work and interactivity that was described in the guides suggesting that programs should encourage teachers to more heavily utilize the instructional routines designed in the guide The report includes a set of research based guidelines that material developers can use to develop teachers guides that will support effective instructional practices and help improve learning outcomes The key takeaway from the report is that structured teachers guides improve learning outcomes but that overly scripted teachers guides are somewhat less effective than simplified teachers guides that give specific guidance to the teacher but are not written word for word for each lesson in the guide The Flat World and Education Linda Darling-Hammond,2015-04-17 Argues that the education system in America needs to make drastic changes in order to build a system of high achieving and equitable schools that protects every child s right to learn Government Reports Announcements & Index ,1985-03 *Resources in Education* ,1996 *The National union catalog, 1968-1972* ,1973 **National Union Catalog** ,1973 *RELC Journal* Regional English Language Centre,1996 **Index de Recherche Du Canada, Microlog** ,1979 An index and document delivery service for Canadian report literature Canadian Books in Print ,2003 **ERIC Educational Documents Index, 1966-1969: Minor descriptors.
