I don't know if you all have noticed, but there has been an air of excitement in the halls of Wilmington Montessori for the past week – an excitement that began to peak yesterday when your posters went up in the lobby, graduation practice began, we had our last all school assembly and we all began to listen to Kelly practicing the music for today in the gym. There is excitement in the air and it is all about each of you. teaching public writing by partnering with multiple community nonprofits She develops a framework to help students analyze how their community partners inspire people to action and offers a course design that support them as they convey those public ideals in community texts But composing public texts is only part of the challenge Traditional newspapers and magazines through their business models and writing styles reinforce a dominant role for citizens as thinking and reading but not necessarily acting This civic role is also professed **In Search of an Open Mind** Lee C.
