He Loves Me, He Loves Me Not, But God Does Sharon Feingold, 2023-03-26 A true story about Internet dating and finding God in the midst of it Dating is a strange phenomenon and it has always been that way since the beginning of time With trying to get all personality traits good and bad lined up perfectly with each other and of course there must be a spark it is amazing that people truly do find the one I realized in my dating journey there would be highs and lows and ups and downs but nothing in my life prepared me for the roller coaster ride that turned me upside down and inside out The turns and the twists were unimaginable leaving me bewildered panic stricken and always self doubting that for myself maybe the one would never be found My book takes the reader on a ride through the depths of dating in this era and the hidden forces and powers behind it This story is also mine filled with disappointments and joy finding that your one true love doesn't always have to be the man or woman you are looking for It can be God in all His glory reaching out to you with His hand letting you know that even when you cannot find the perfect man or woman to love you God will always love you and He is perfect Take a ride with me and feel the power of God as He moves me to see in life what is important and what is not Sometimes the one thing that is right in front of us waiting for us is blocked by our own disillusion of what we want or in my case what I thought I needed to be truly whole Enjoy the ride and God's blessing

He Loves Me, He Loves Me Not Kathleen Palmer Terry, 2018-02-05 I became the keeper of secrets and there were consequences With my silence I protected my children and allowed them to forever see their father as a hero but I had also given my husband a clean slate upon which he could rewrite his history minus the embarrassing part At first silence was the glue that bound us together then it was the weight under which we crumbled Cheaters are selfish people In fact the most damning thing about cheating is that it reveals a lack of caring for and commitment to the whole family unit not just one's spouse I'm cheating because I care about my family so much more than my selfish desires said no person ever Infidelity and the drama it creates have been around since the beginning of time As a result there is no shortage of advice on how to prevent it what to do once it starts or how to pick up the pieces once it ends if it ends Why do some marriages survive and others dissolve in the aftermath Is there some magic ingredient present in enduring relationships Is it possible to heal as individuals yet fail to heal as a couple In this deeply personal and intuitive book one woman of faith tells her story of love disillusionment and resilience in a down to earth upbeat and sometimes humorous style that reflects the strength that comes from knowing God loves us that he is in charge and that he has the desire and ability to shape us into better people through our adversity It will persuade you that although we live in
