Property, Liability and Auto Insurance

Revathi Raj Kumar, Saravana Gupta Ravindran, I started my real estate journey when I bought my dream home several years ago. I didn't know a lot but was very curious to learn more. This curiosity drove me to keep learning more. I refinanced the mortgage multiple times to take advantage of the lower interest rates. I refinanced to 15 year mortgage to lower interest rate even further. Had a mindset change to focus on expanding income instead of reducing expense. Explored further on this to understand the single family rental market. Spent several hours on BiggerPockets website to learn and then became a landlord. To expand my understanding further, completed hundreds of hours of Pre-Licensure education, took the license tests on Mortgage Broker, Real Estate Agent, Insurance Agent, Notary Public, and passed all. Teaching and helping others has been a passion for me since my childhood. I am passionate and dedicated in whatever I do. I became a volunteer to teach Tamil to kids. To take a step further, became a woman entrepreneur to help others in their real estate journey. I am now a licensed Mortgage Broker in California, Texas licensed Insurance agent providing services in California, Texas. Real Estate agent in California Bay area. Come join me and let's make it happen.

*Because the Cat Purrs* Janet Lembke, 2008-05-17

A new book by Janet Lembke is always a cause for celebration. Sue Hubbell. We share our lives for better or worse with a multitude of animals: white-tailed deer and white-tailed eagles, hens and wrens, frogs and guppies, and last but hardly least, bugs and bacteria. For the most part, we drift along separately, with neither man nor animal affecting the other's way of life. Sometimes, however, we fall in love, as in the case of the cat in the title, or otherwise encounter our animal neighbors in ways that change both of us. Lembke challenges her readers to consider the idea that all creatures are conscious, with the ability to make choices, exercise awareness, and seek pleasure while shunning pain. Rarely has a book of natural history covered such a broad range of subjects, from the everyday bargains we make with our pets and other domestic creatures to descriptions of bungee cord, snail sex, and the purpose of a honeybee's sting. Lembke explores the evolution of her subjects and draws on literature and myth to paint gorgeous, wide-ranging portraits of everyday and more unusual encounters, such as that of a gardener and a groundhog, or a chicken egg and Augustus Caesar's wife. This is a sensitive and timely appraisal of how we treat the creatures we share our planet with, and how we ought to. It is a book that no lover of intelligent writing about the natural world will want to miss. 20 b/w illustrations.
