ENGLISH LANGUAGE Paper 1 Reading Antonia Cheng, 2020-12-18 DSE Antonia Cheng 2021 DSE DSE DSE **Validating Technological Innovation** David Coniam, Peter Falvey, 2016-04-02 This book discusses Hong Kong's use of onscreen marking OSM in public examinations. Given that Hong Kong leads the way in OSM innovation, this book has arisen from a recognised need to provide a comprehensive coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong. The authors discuss their experience of the validation process, demonstrating how high stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders.

International Perspectives on Creative Writing in Second Language Education Bee Chamcharatsri, Atsushi Iida, 2022-02-10 This volume explores the instructional use of creative writing in secondary and post-secondary contexts to enhance students' language proficiency and expression in English as a second or foreign language (ESL/EFL). Offering a diverse range of perspectives from scholars and practitioners involved in English language teaching (ELT) globally, *International Perspectives on Creative Writing in Second Language Education* tackles foundational questions around why fiction and creative writing have been traditionally omitted from ESL and EFL curricula. By drawing on empirical research and first-hand experience, contributors showcase a range of creative genres including autobiography, scriptwriting, poetry, and e-Portfolios, and provide new insight into the benefits of second language creative writing for learners' language proficiency, emotional expression, and identity development. The volume makes a unique contribution to the field of second language writing by highlighting the breadth of second language users throughout the world and foregrounding links between identity learning and ESL/EFL writing. This insightful volume will be of particular interest to postgraduate students, researchers, and academics in the fields of ESL/EFL learning, composition studies, and second language acquisition (SLA). Those with a focus on the use of creative writing in classrooms more broadly will also find the book of interest.
