

A transmission fluid flush focusing on...

Flushing the fluid

Flushing and changing the transmission fluid alone isn't a problem-solving process, as it doesn't guarantee issues won't return. Might sit in the \$400 - \$600 range.

Long-lasting solutions

A transmission fluid flush focused on investigating your transmission system to see if there's an issue contaminating the fluid. This rules out whatever "sickness" might be happening inside your vehicle, making sure the transmission fluid flush and change lasts properly.

Vehicle Health

Control your vehicle's repair expenses better by searching for shops that provide an "annual physical," but for cars. These shops do "health check-ups" of your vehicle so you know how to be prepared.
