knows this to be true because she has been teaching APA style for more than a dozen years. She's accustomed to hearing students say things such as "What is APA? How do I use it? Can't I just use MLA?" The reality is that many professors, instructors, and professions insist on using APA Style. In this guide, you'll learn how to take down information to make citing easier, look up information in style guides, memorize the most important rules, and avoid the most common mistakes. While it would be easy to copy and paste web addresses into essays and academic papers, that is not how APA Style works. If you don't know the rules, your writing won't be taken as seriously, and if you're in school, your marks will suffer. Once you understand the main elements of APA style, you'll be equipped to use more complex style guides and reference materials. Bolster your academic writing today with lessons in *The ABCs of APA Style*. **How to Study** Ron Fry, 2018-07-31. The bestselling guide that has helped millions of students study smarter, not harder, updated for today's classroom. *How to Study* reveals the study skills all students need to know to be successful, whether the goal is landing a top scholarship, excelling in school, or preparing to return to school. This edition includes information on how to create an effective work environment, stand out in class, conduct research online, and much more. Fry also covers all the traditional elements of a winning study strategy, such as reading, writing, time management, memory, and test-taking skills. *How to Study* introduces a revolutionary study system along with examples that give students the edge in any learning environment. *How to Study* also prepares students of all ages to excel in their classes by developing effective study skills. Shows students in a quick, easy-to-read style the essential skills that can be applied outside the classroom and later in life. Includes study tips for teaching and studying with young children, advice for fighting mid-study fatigue and boredom, tips for in-class learning, and more. *How To Write in Psychology* John R. Beech, 2008-10-13.
