Introduction To Fatima Spirituality:

Introduction to Timor-Leste Gilad James, PhD, Timor Leste formerly known as East Timor is a small island nation in Southeast Asia It gained independence in 2002 after a long and violent struggle with Indonesia its former colonial power Timor Leste has a population of around 1 3 million people and is one of the poorest countries in the region with many of its citizens lacking access to basic healthcare education and clean water Despite its history of conflict Timor Leste has made significant progress in recent years with a growing economy and improving infrastructure Although the country still faces many challenges including corruption and ongoing political instability it is a resilient nation with a rich culture and a deep commitment to social justice Timor Leste s people are known for their hospitality and strength and the country is a unique and fascinating destination for travelers looking to explore Southeast Asia

Sufism in America Julianne Hazen,2016-12-13 Sufism in America sheds light on spiritual mystical Islam in America The Sufi path focuses on developing a personal relationship with God doing what is beautiful in the sight of God and struggling against the lower self to reach loving submission Up to this point very little has been written about the Sufi orders in America and those who participate in them This study focuses on the Alami Tariqa in Waterport New York which was started in the 1970s by a shaykh from the Balkans The Alami Tariqa strives to uphold sharia while adapting to the Western setting Its membership is diverse consisting mostly of American born participants from Christian and Jewish backgrounds in addition to a few Muslim immigrants from South Asia This study explores how this order has acculturated to the American setting why individuals choose to join the tariqa and what it means to pursue spiritual goals in a modern Western society Conclusions are drawn from interviews a survey and observations of teachings plus the author s experience working with this community for over ten years The book interweaves personal stories and insider views with academic insight to provide a compelling and detailed picture of Sufism as a living and dynamic tradition in America

A Spirit of Tolerance Amadou Hampate Ba,2008 Biography of Tierno Bokar 1875 1939 an early twentieth century African mystic and Muslim spiritual teacher written by one of his students

The Alchemical Virgin Mary in the Religious and Political Context of the Renaissance Urszula Szulakowska,2017-05-11 This study explores the survival of Roman Catholic doctrine and visual imagery in the alchemical treatises composed by members of the Lutheran and Anglican confessions during the Renaissance and Early Modern periods It discusses the reasons for such unexpected confessional survivals in a time of extreme Protestant iconoclasm and religious reform The book presents an analysis of the manner in which Catholic doctrines concerning the Virgin Mary the Holy Trinity and the Eucharist were an essential factor in the development of alchemical theory and illustration from the medieval period to the seventeenth century The role of the Joachimites radical members of the Franciscan Order in the history of alchemy is an important issue The Apocalypse of St John the Book of Revelation and other scriptural texts and specifically Roman Catholic Marian devotions are also considered regarding their influences on late medieval alchemy and on the sixteenth and seventeenth century alchemical

literature composed by Protestants Additional issues explored here include the role played by alchemy in strengthening the leaders of the European defence against the invading Ottoman Turks as well as the importance of the figure of the Virgin Mary as the Apocalyptic Woman in the same cause Special consideration is given to the role played by the apocalyptic Mary within alchemical texts and pictures as an emblem of the mercurial quintessence and also in her form as the Bride of the scriptural Wisdom books which also entered alchemical discourse Additional issues discussed in this book include the little regarded problem of confessional alchemy namely whether there were distinct Protestant and Roman Catholic types of alchemy The treatises under consideration include the Buch der Heiligen Dreifaltigkeit 1419 1433 the Rosarium Philosophorum 1550 Reusner s Pandora 1582 1588 and the Pandora of Faustus 1706 as well as the work of Michael Maier Robert Fludd Johann Daniel Mylius Jacob Boehme and pseudo Nicolas Flamel among many others Their works are contextualised within the religious reforms instigated by Martin Luther as well as within the unorthodox radical theology devised by Paracelsus and his alchemical followers The Marian theology of Paracelsus is also of particular interest here

The Spiritual-Industrial Complex Jonathan P. Herzog, 2011-08-05 In his farewell address Dwight D Eisenhower warned the nation of the perils of the military industrial complex But as Jonathan Herzog shows in this insightful history Eisenhower had spent his presidency contributing to another lesser known Cold War collaboration the spiritual industrial complex This fascinating volume shows that American leaders in the early Cold War years considered the conflict to be profoundly religious they saw Communism not only as godless but also as a sinister form of religion Fighting faith with faith they deliberately used religious beliefs and institutions as part of the plan to defeat the Soviet enemy Herzog offers an illuminating account of the resultant spiritual industrial complex chronicling the rhetoric the programs and the policies that became its hallmarks He shows that well known actions like the addition of the words under God to the Pledge of Allegiance were a small part of a much larger and relatively unexplored program that promoted religion nationwide Herzog shows how these efforts played out in areas of American life both predictable and unexpected from pulpits and presidential appeals to national faith drives military training barracks public school classrooms and Hollywood epics Millions of Americans were bombarded with the message that the religious could not be Communists just a short step from the all too common conclusion that the irreligious could not be true Americans Though the spiritual industrial complex declined in the 1960s its statutes monuments and sentiments live on as bulwarks against secularism and as reminders that the nation rests upon the groundwork of religious faith They continue to serve as valuable allies for those defending the place of religion in American life
