An Introduction to Investment Banks, Hedge Funds, and Private Equity David P. Stowell, 2010-03-19 The dynamic environment of investment banks hedge funds and private equity firms comes to life in David Stowell s introduction to the ways they challenge and sustain each other Capturing their reshaped business plans in the wake of the 2007 2009 global meltdown his book reveals their key functions compensation systems unique roles in wealth creation and risk management and epic battles for investor funds and corporate influence Its combination of perspectives drawn from his industry and academic backgrounds delivers insights that illuminate the post 2009 reinvention and acclimation processes Through a broad view of the ways these financial institutions affect corporations governments and individuals Professor Stowell shows us how and why they will continue to project their power and influence Emphasizes the needs for capital sources of capital and the process of getting capital to those who need it Integrates into the chapters 10 cases about recent transactions along with case notes and questions Accompanies cases with spreadsheets for readers to create their own analytical frameworks and consider choices and opportunities

Investment Management : Text, Problems and Cases 2/e Subrata Mukherjee, This new edition rechristened Investment Management Text Problems and Cases is a unique blend of traditional and modern concepts intuitive and quantitative analyses and theory and real world applications While keeping its character intact this new edition incorporates newer material Thus this edition will be even more useful to students of MBA Finance PGDM Finance and M Com programs and final level students of other professional courses like CA CMA CS and CFA Investors practitioners and corporate financial managers will find this book to be of an immensely useful reference

Fundamentals of Investment Appraisal Martina Röhrich, 2010-10-01 How to make sound investment decisions This book is based on long term experience with students especially at the School of International Business of Bremen University of Applied Sciences For a better understanding a case study is constructed to illustrate all methods discussed Written in an easily understood style it focuses on the reality of student life as well as of practitioners The goal of the book is to pace a sure way through the variety of methods Mathematical basics are specifically explained in detail This book shows clearly why there are different methods in investment appraisal and on where to focus in

a given situation As all methods are introduced by the same case study it is easy to compare and evaluate the results The statements in the text are further consolidated by abstracts and evaluations of each of the methods Exercises with extensive solutions will lead to the confidence which is necessary for an ease of handling the investment appraisal techniques and for a good preparation for students exams German and international students at universities and other institutions of higher education will find this book an excellent systematic preparation for their exams It is also directed toward members of the general public who need expert guidance in making professional investment decisions Due to the increasing mobility of students and the internationalisation of many economic or business curricula not only do German students tend to study more abroad but also foreign students tend to study more in Germany In German universities the number of courses in the English language is also increasing That is why I have written this text in English A companion volume in German entitled Grundlagen der Investitionsrechnung Eine Darstellung anhand einer Fallstudie is also available In both textbooks the pages are constructed identically Using both textbooks simultaneously will help those students who still lack the necessary business vocabulary in the respective language to reasonably follow a class in English or German This book clearly closes an existing gap in the literature This is the first book in English about capital expenditure budgeting in the sense as it is usually taught in German higher education institutions As a result international students now have literature covering the contents of a course in investment appraisal in the form of an easy to read case study with easily understood graphics and notations

also the bad news How to Find Business Information A Guide for Businesspeople Investors and Researchers extends a lifeline to those inundated souls offering sage advice about locating what one needs easily quickly and from trustworthy sources Encompassing print and digital materials journals both online and print online databases reference materials and websites this handbook will prove invaluable to anyone who finds it necessary to research business information The tips and tactics it offers can of course be used by investors but also by those seeking information about possible business partners potential clients and customers or sources of goods and services Topics covered include banking and finance economics company information industry information marketing accounting and taxation and management in short everything one needs to know to make sound business and investment decisions

The Protection of Foreign Investments in Mongolia Bajar Scharaw, 2017-11-07 This book analyses the adequacy of Mongolia's legal system for foreign investment protection by conducting a multi level assessment of international investment treaties domestic legislation of the host State and investor State contracts from an international comparative perspective The investigation distinguishes between three legal dimensions each of which offers both substantive legal guarantees for the protection of investments in the host State and provisions for the settlement of investment disputes by arbitration In the first dimension of Public International Law PIL Mongolia is bound by international investment treaties which offer investors an international law setting In the second dimension a special domestic investment law defines the domestic framework for the establishment promotion and protection of investments but also for the conclusion of investor State contracts These contracts in turn open a third legal dimension which represents a cross section through the PIL and domestic law dimensions of investment protection Following the development of a multi level system with legal dimensions that are not isolated but rather interrelated and mutually reinforcing the book examines whether Mongolia's international investment treaties and domestic investment law reflect globally shared international and domestic standards of treatment and protection of foreign investments Lastly the author inquires whether the domestic laws applicable to investor State contracts in Mongolia allow investors and the Mongolian Government to agree on protective terms according to the not uncontroversial standards of international contract practice

Islamic Finance Practices Velid Efendic, 2020-03-09 This book discusses carefully selected topics in Islamic banking and finance IBF in South Eastern Europe SEE as one of the fastest growing areas in global finance IBF originated within various Islamic banks Islamic windows investment funds Takaful companies and other financial institutions and has resulted in various global products Although it is still in an early phase in SEE IBF has developed rapidly in the last decade and has created a need for research on related topics from the fundamental principles of IBF to the SCR endowments and investment instruments to Islamic banking practices This is our second book published as a result of the Sarajevo Islamic and Finance conferences SIFEC This conference traditionally gathers Islamic banking economics and finance academicians experts and students all over the world who discuss a wide range of topics in this field focusing on the SEE Consisting of seven chapters

presenting original research this book is a valuable resource for researchers as well as for practitioners and potential investors in IBF especially in SEE

Information Technology Investment Marc J. Schniederjans, Jamie L. Hamaker, Ashlyn M. Schniederjans, 2004 From the individual to the largest organization everyone today has to make investments in information technology Making a good investment that will best satisfy all the necessary decision criteria requires a careful and inclusive analysis Information Technology Investment Decision Making Methodology is a textbook that will provide the understanding of methodologies available to aid in this area of complex multi criterion decision making It presents a detailed step by step set of procedures and methodologies that readers can use immediately to improve their IT investment decision making Unique to this textbook are both financial investment models and more complex decision making models from management science so users can extend the analysis benefits to confirm and enhance the ideal IT investment choices

Country Analysis David M. Currie, 2011 This valuable book shows how to interpret country performance and provides the practicing investor with sufficient background on economic principles so that they better understand how to interpret country summaries as they appear in business periodicals and other media Other books set out the criteria used in evaluating country risk and economic performance but often do not clarify why particular elements of the analysis are important Country Analysis explains the reasoning behind those criteria without the need for a sophisticated understanding of economics or mathematics

International Protection of Investments August Reinisch, Christoph Schreuer, 2020-07-16 This book outlines the protection standards typically contained in international investment agreements as they are actually applied and interpreted by investment tribunals It thus provides a basis for analysis criticism and stocktaking of the existing system of investment arbitration It covers all main protection standards such as expropriation fair and equitable treatment full protection and security the non discrimination standards of national treatment and MFN the prohibition of unreasonable and discriminatory measures umbrella clauses and transfer guarantees These standards are covered in separate chapters providing an overview of textual variations explaining the origin of the standards and analysing the main conceptual issues as developed by investment tribunals Relevant cases with quotations that illustrate how tribunals have relied upon the standards are presented in depth An extensive bibliography guides the reader to more specific aspects of each investment standard permitting the book's use as a commentary of the main investment protection standards

Evaluating real options as a means for investment appraisal under uncertainty and its degree of utilisation by companies Andreas Würfel, 2003-10-13

Inhaltsangabe Abstract This paper evaluates the real options approach ROA as a means for appraising capital investments under uncertainty Globalisation and growing competitiveness have led to an increase in uncertainty with regard to companies decision making Flexibility to react to this uncertainty has become more important The question arises whether there is a need for a further investment appraisal technique or whether traditional techniques can cope with that A growing literature about real options shows that traditional investment appraisal techniques do not value flexibility That is why ROA

has become more important within recent years. However, the degree of its utilisation by companies seems to be rather low. Three possible reasons for that are examined: ROA is not well known by companies, especially small and medium-sized enterprises; ROA is only limitedly applicable; ROA is too difficult to use. After traditional investment appraisal techniques have been outlined, the real options approach is illustrated by means of a case study. The possible range of application is assessed by reviewing the literature. A survey was conducted to check whether companies know about or apply that technique and to identify the tools used by companies. This study shows that while the range of possible applications of real options is rather vast, ROA is rarely known by German and British companies and barely applied. One reason might be that most books and articles are of rather academic nature. This seems to have been realised since books with a focus on practical application have been published recently. The complexity of ROA seems to be a further reason for its low degree of utilisation. Companies tend to use simpler but more comprehensible techniques, although these methods have some major drawbacks. However, business science should not end in itself but serve businesses. Therefore, further emphasis has to be put on making real options approachable for practitioners.

Research Handbook on Environment and Investment Law Kate Miles, 2019

The *Research Handbook on Environment and Investment Law* examines one of the most dynamic areas of international law: the interaction between international investment law and environmental law and policy. The *Research Handbook* takes a thematic approach, analysing key issues in the environment-investment nexus such as freshwater resources, climate, biodiversity, biotechnology, and sustainable development. It also includes sections which explore regional experiences and address practice and procedure, and offers innovative approaches and critical perspectives including the interface between foreign investment and the environment with human rights, gender, indigenous peoples, and economics.
