The Kangaroo's Messenger Jonathan Burton Peters Jr,2023-03-22 A middle grade fantasy book that both teens and young adults will enjoy Perfect for kids who love adventure and fantasy stories A young man named Jasper discovers a young joey kangaroo one day while out on a hunt and saves it from the dingoes After rescuing the kangaroo he decides to raise it himself since the mother had abandoned it Years later he will be shocked to find out why it was abandoned since this kangaroo in particular seems to have grown bigger then any kangaroo the boy had ever seen before Soon the kangaroo outgrows Jasper s shack so both decide that they should find some place better The day Jasper mounts Kaylia s back will change his life for that day he discovered that if you had a way to hold on it was actually possible to mount the kangaroo and ride it Soon after while in one of the local towns the head of the messenger services in their realm notices Jasper and his mount and decides that the boy would be able to make a fairly decent messenger So he inquires the boy about becoming a messenger to run mail and

packages around their country of Northern Australia while astride the back of his giant kangaroo. Meanwhile Jasper also eventually tries to seek out the other giant kangaroos in an effort to be able to eventually release Kaylia so that she can return to where she belongs and have her freedom as he believes she could. At the time he doesn't believe that she belongs with him since she should be free and be able to live in the wild. For he knows that if she would have never been attacked by the dingoes that she would have grown up as a wild and free giant kangaroo. Jasper will do all he can to try to get the chance to release Kaylia back into the wild if that's even possible. Come along for the ride of your life as a mounted messenger on the back of a kangaroo in *The Kangaroo's Messenger* F U, Penguin Matthew Gasteier, 2009-08-25. Perfect for the Scrooge in your life: a profane hilarious takedown of all things cute and cuddly by the author of the blog sensation of almost the same name. Attention all you clumsy pandas, lovable puffins, huggable bunnies and penguins that elicit ooohs and aaahs. The jig is up. We have lived under your furry fists for too long. There is a cute and present danger lurking out there in the wild, in the zoos and sometimes even in our very own homes. Spurred on by the Cute Industrial Complex, these cuddly animals have taken over blockbuster films, inspirational posters and computer desktops everywhere, further weakening the innocent civilians who are beguiled by these fuzzy frauds. But you are stronger than them, aren't you? Those soft bellies and wet noses are no match for you and their free ride has just come to an end. *F U, Penguin* is the rallying cry for those who choose to fight these power-hungry cute mongers. Loaded with color photographs and hilarious commentary, this book will have you laughing out loud while it simultaneously saves you from the tragic fate of tossing yarn with big-eyed kittens and bottle-nursing baby pandas forever. _____ Finally a book for the rest of us. Most animals go about our business without playing to the audience like the elitists exposed in these chapters. I wasn't sure how many more times I could hear about those great penguins and pandas and kittens before I started eating people, well more people anyway. Jerry the Shark: Penguins killed my parents and they would not hesitate to kill me. I thank the Crustacean God for Matthew Gasteier, a true saint and a decent human being in a world filled with heartless penguin accomplices. Dennis the Krill: It's all true. We're the worst. Anonymous Penguin: The average dolphin is far beyond this level of vulgarity, but I could see how this would be a very enjoyable book for humans. I should remember to hand these out to some of my slower relatives at the common ancestor reunion. Edward the Dolphin: Thank you for your submission. Unfortunately, this style of book is not something we are currently looking for. However, we wish you the best of luck with your human publishers. Danielle the Bear, Editor in Chief, Random Cave Publishing.
