

Laptop Battery User Manual

ENGLISH

Respected users:

Thank you very much for buying and using our laptop battery.

This instruction manual states how to use and maintain the battery correctly. Batteries are consumables, and have a limited service life. However, we can prolong the life of the laptop battery considerably through correct operation, proper charging/discharge and correct storage.

Usage

It's discharge the battery to 20% and then charge fully to 100% at the first cycle after purchase.
Do not discharge the battery pack to 0% so that will damage the battery pack and shorten its life.
It must be charged after 15% for long-term storage.
The removal of adapter or adapter that has been used over long-term may cause the battery not to be charged because of the insufficient output of adapter. Please check your adapter first for charging problems of the battery.
Never take out the battery from laptop when it is being charged or discharged.

These safety instructions should be read carefully and must be fully understood before attempting to use your laptop battery.

CAUTION

- Never throw the battery pack into fire, as this might cause the battery pack to explode. Never heat the battery pack, as this could cause leakage of alkaline solution or other dangerous substance.
- Never disassemble the battery pack, as this could cause leakage of alkaline solution or other dangerous substance.
- Never short circuit the laptop battery pack by other accident, as repeatedly bringing the terminals in contact with conductive objects. This could cause external sparks, fire, or damage the battery pack.
- Never hammer or nail into the battery pack. Never let a hammer or the battery pack, never drop or tread on the battery pack.
- Always confirm that the temperature is 5°C ~ 35°C before you charge the battery. Leakage of electrolyte of the battery pack may occur if this warning is not heeded.
- Never expose the battery pack to any liquid.
- Never expose the battery pack to direct sunlight. Never use or put the battery pack in an unshaded vehicle where excessive internal temperatures may be encountered.
- Always keep the battery pack out of reach of infants, or small children.
- Never drop or throw the battery pack.
- If the liquid remained within the battery pack leaks, and large amount of water and immediately wash off all liquid which may accidentally contact any part of the body. Remove any liquid that has contacted your clothes by washing them immediately with a synthetic detergent.

WARNING

- If you ever detect the presence of an extraordinary odor or leakage of alkaline solution or other dangerous substance, stop usage and dispose of properly.
- Never dispose of used battery pack in with other ordinary waste wastes, since they contact toxic substances always dispose of used battery pack in accordance with the prevailing community regulations that apply to the disposal of batteries. Cover the metal terminals with insulating tape in order to prevent accidental short-circuiting when disposing of the battery.
