Flaubert's style so distinct and admired Madame Bovary scandalized its readers when it was first published in 1857. And the story itself remains as fresh today as when it was first written, a work that remains unsurpassed in its unveiling of character and society. It tells the tragic story of the romantic but empty-headed Emma Rouault. When Emma marries Charles Bovary, she imagines she will pass into the life of luxury and passion that she reads about in sentimental novels and women's magazines. But Charles is an ordinary country doctor and provincial life is very different from the romantic excitement for which she yearns. In her quest to realize her dreams, she takes a lover Rodolphe and begins a devastating spiral into deceit and despair. And Flaubert captures every step of this catastrophe with sharp-eyed detail and a wonderfully subtle understanding of human emotions. Malcolm Bowie, a leading authority on French literature, explores Flaubert's genius in his masterly introduction to this must-have book for all lovers of great literature. The European Illustrated Press and the Emergence of a Transnational Visual Culture of the News, 1842-1870

Thomas Smits, 2019-12-05. This book looks at the roots of a global visual news culture: the trade in illustrations of the news between European illustrated newspapers in the mid-nineteenth century. In the age of nationalism, we might suspect these publications to be filled with nationally produced content supporting a national imagined community. However, the large-scale transnational trade in illustrations, which this book uncovers, points out that nineteenth-century news consumers already looked at the same world. By exchanging images, European illustrated newspapers provided them with a shared transnational experience.
