Managing Local Government For Improved Performance Brian W. Rapp, 2019-03-04 After working for nearly three years to improve the performance of the government of Flint Michigan and discovering that there was no

comprehensive work on the subject of local government management to refer to Brian Rapp and Frank M Patitucci felt a personal as well as a professional need to write a book that would help them understand their successes and failures and that would help others do a better job in similar situations The result this book is unique both in its approach and in its presentation The authors establishing a conceptual framework within which to understand their subject use Flint as a case city to examine the practical impact of factors affecting city government and they indicate the major standards and criteria that should be applied in evaluating that impact Although they recognize that within each city there are unique conditions that make a blanket prescription impossible the authors are nevertheless convinced that many individuals both in and out of government can do something to improve the performance of their city government and they have set out to help these individuals understand in the most concrete terms possible how they might go about it Managing Local Government Services Derrik Hender,1993 A guide to the problems that face local authorities their members and officers in coping with the challenges of developing an enabling authority This book looks forward to the probable effect of the extension of competition to central services *Managing Local Governments* Emanuele Padovani,David W. Young,2013-06-17 Local Government is an area where management skills are tested to the extreme With political considerations evident both locally and nationally managing resources can be complex and subject to change This book introduces new concepts and new ways of doing business that can greatly enhance the value of the services a local government provides to its citizens without putting a greater financial burden on taxpayers Padovani and Young present out of the box thinking based on solid research and experience to discuss topics such as Incorporating outcome indicators into strategic planning and budgeting Building a LG s budget with cost drivers Expanding the concept of enterprise funds Assessing and better managing the risk associated with outsourcing Using the concept of shadow pricing to compare public with private sector costs for services This book is a must read for students of public administration and management senior and middle managers in local governments around the world and citizens who are concerned with more effective management of their local government s programs and services A list of suggested extra case studies for each chapter and a description of the process to follow for ordering them may be obtained by sending an email to CrimsonCenter cs com You should request the document Case Study Suggestions for Managing Local Governments *Managing Human Resources in Local Government* Urban Institute,National Commission on Productivity,1973 Pamphlet on personnel management problems in local government in the USA with particular reference to Motivation of public servants and civil servants covers wage incentive programmes job enrichment schemes fringe benefits flexible hours of work etc References *Managing People in the Public Services* David Farnham,Sylvia Horton,1996-05-01 Over the last two decades public services have been directly affected by the radical political and economic changes which have characterized Britain As businesses public service employers are now becoming more responsive to their clients and customers and have moved to a more decentralized and proactive style based on private sector practices This book describes

past practices and current developments in public sector organizations looking at in depth case studies covering NHS trusts the Civil Service local government police and education It examines implications for the future and will provide an invaluable guide for both students of personnel and business studies and managers in the public sector **Managing the New Public Services** Daniel Farnham, Sylvia Horton, 1993-02-28 This volume provides an introduction to and assessment of the major organizational changes in Britain's public services since the late 1970s which have collectively been identified as the emergence of a new managerialism Managing Organizational Change in Public Services Rune Todnem By, Calum Macleod, 2012-08-21 Forming part of the Understanding Organizational Change series Managing Organizational Change in Public Services focuses on the organizational dimension of change management in public services Combining aspects of change management theory with real life practice in the form of organizational cases from different regions and sectors this edited collection identifies and analyzes significant issues regarding the development implementation and evaluation of public service change initiatives Featuring contributions from leading authors in the field this text provides an overview of organizational change management with a focus on leadership management and strategies for change Looking at cases from Europe and North America Managing Organizational Change in Public Services offers both a global as well as a cross sector analysis of this complex and challenging process Different sectors that are examined include Transport Health Education This book offers an excellent introduction to change management and how it works within the public service organizations internationally It will be vital reading for all those engaged with the study or practice of this dynamic subject Managing The Coordination of Service Delivery In Metropolitan Cities Enid Slack, 2007 Abstract This paper examines different models of governing structure found in metropolitan areas around the world It evaluates how well these models achieve the coordination of service delivery over the entire metropolitan area as well as the extent to which they result in the equitable sharing of costs of services Based on theory and case studies from numerous cities in developed and less developed countries the paper concludes that there is no one size fits all model of metropolitan governance Other observations from the case studies highlight the importance of the process of implementing a metropolitan structure the need to match fiscal resources with expenditure responsibilities the need to have a governance structure that covers the entire economic region and the critical importance of having a strong regional structure that ensures that services are delivered in a coordinated fashion across municipal boundaries *Managing State Social Work* John Harris, 2018-12-20 Published in 1998 The industrial model of the labour process developed by Braverman was applied to social work in the radical social work literature The book engages in a more critical examination of the application of the labour process perspective to social work with particular reference to front line management in a local authority context It begins with a review of the labour process literature which demonstrates the extent to which the independence of Braverman's model on scientific management was undermined in the post Braverman debate The radical texts orthodox Bravermanian approach to the social work labour process is considered In

those texts the social work labour process is represented as having moved towards an industrial model which steadily encroached on the autonomy of front line field social workers through managers wresting of control over their work The book advances an alternative model of the social work labour process which takes account of the distinctive features of social work as a state mediated bureau professional labour process Findings from a small scale case study of a social services department are presented Data from the study are used to test the bureau professional model of the social work labour process against the orthodox Bravermanian model Developments in the social services department s organizational structure are set out and the position of front line managers is considered through an exploration of their identifications and commitments in relation to management and trade unionism The data from their accounts support the bureau professional model of the labour process and the position of front line managers emerges as more ambiguous than the radical social work literature indicated Front line managers did not share global goals with senior management nor were their interests merged straightforwardly with those of social workers
