Members of what came to be known among faculty, students, and diverse community members as the Mountains Rivers Workshop met regularly to read and discuss Snyder's epic poem. Here the poem served as a commons that turned the multiversity into a university once again if only for a moment. The Workshop invited writers, teachers, and scholars from Northern California and Japan to speak on various aspects of Snyder's great accomplishment. This book captures the excitement of these gatherings and invites readers to enter the poem through essays and talks by David Abram, Wendell Berry, Carl Bielefeldt, Tim Dean, Jim Dodge, Robert Hass, Stephanie Kaza, Julia Martin, Michael McClure, Nanao Sakaki, and Katsunori Yamazato. It includes an interview with Gary Snyder, appendices, and other resources for further study. Snyder once introduced a reading of this work with reference to whitewater rapids, saying most of his writing is like a Class III run where you will do just fine on your own, but that *Mountains and Rivers* is more like Class V if you're going to make it to take out; you need a guide. As a collection of commentaries and background readings, this companion volume enhances each reader's ability to find their way into and through an adventurous and engaging work of art.

**Charles Johnson's Novels** Rudolph P. Byrd, 2005-06-13 This is truly a major contribution to African American literary criticism, and it promises to elevate Johnson to the place in the literary firmament he so richly deserves. Henry Louis Gates Jr., Harvard University. Charles Johnson came of age during the Black Arts Movement of the 1960s and 1970s. His fiction bears the imprint of his formal training as a philosopher and his work as a journalist and cartoonist with a well-honed interest in political satire. Mentored by the American writer John Gardner, Johnson is preoccupied with questions of morality which are informed by his knowledge of Continental and Asian philosophical traditions. In this book, Rudolph Byrd examines Johnson's four novels: *Faith and the Good Thing*, *Oxherding Tale*, *Middle Passage* (National Book Award Winner), and *Dreamer* under the rubric of philosophical black fiction as art that interrogates experience. Byrd contends that Johnson suspends shelves and brackets all presuppositions regarding African American life. This bracketing accomplished, the African American experience becomes a pure field of appearances within two poles: consciousness and the people or phenomena to which it is related. Johnson's principal themes are identity and liberation. Intent upon the liberation of perception for the reader and the writer, Johnson's fiction aims at whole sight encompassing a plurality of meanings across a symbolic geography of forms, texts, and traditions from within the matrix of African American life and culture. And like a palimpsest, Johnson's texts contain multiple layers of meaning of disparate origins imprinted over time with varying degrees of visibility and significance. Charles Johnson's *Novels* will appeal to fans of the writer's work, but it also will serve as a helpful guide for readers newly introduced to this brilliant contemporary American writer.
