### **Mostly True Ghostly Stories Intuitive Intelligence 3:**

The Lonely Mind of God Sherman O'Brien, 2021-01-26 Current students of philosophy or armchair philosophers Want the answer to the Primordial Existential Question Why is there something rather than nothing While history has produced no shortage of attempted answers clearly none is the answer Now comes the unique perspective of acosmism to provide a complete and plausible answer After a lifetime of reflection acosmist Sherman O'Brien offers this analysis of the issues and a thoughtful reasoned answer to philosophy's most vexing question The acosmic answer requires no faith whatsoever either in supernatural or unexplained causes in fact it discourages it Acosmism rejects both traditional religion and philosophically neglectful science As a metaphysical system it is based on an epistemological insight with implications for immortality determinism ethics and ultimate purpose Reasoned wholly from the ground up its conclusion is the very meaning of existence The solution to the Omniscience Riddle becomes the key to understanding how the question is best stated and understood This book represents one person's effort to make sense of what is true and what only seems to be so Why is there something rather than nothing What is your potential role in the entirety of experience This foray into acosmism offers a path to the genuine understanding of both existence and reality Note the main text constitutes roughly two thirds of the total pages the remainder being mostly endnotes
