Mother Tongue In Norton Field Guide:

Fostering Linguistic Equality Sarah E. Hercula, 2020-05-11 This book offers one possible solution in the pursuit of linguistic equality by exploring how the Structural Inquiry of Stigmatized English SISE approach to linguistics pedagogy can be used to empower linguistics students and researchers as ambassadors for change By using stigmatized varieties of English including African American English Chicano English and Appalachian English as the primary linguistic data analyzed through detailed structural analysis the SISE approach fosters linguistically principled and pluralistic language attitudes among students as evidenced by the author's own empirical research in applying the method This book not only advocates for linguistic equality but also provides teachers and researchers with the tools they need to counteract prejudicial attitudes and disinformation about language both in and outside the classroom It will be an essential resource for linguistics teachers applied linguists curriculum developers students and scholars of language attitudes and language variation and anyone seeking more information about the relationships between diversity in equality and language Routledge Handbook of Descriptive Rhetorical Studies and World Languages Weixiao Wei, James Schnell, 2023-05-12 The Routledge Handbook of Descriptive Rhetorical Studies and World Languages offers a useful collection of papers that presents rhetorical analysis of the discursual practice in different cultural settings Covering issues from America to Europe and Asia and topics from politics to media education to science agriculture to literature and so on the handbook describes how language can guide listeners interpretations alter their perceptions and shape their worldviews This book offers a solid foundation for rhetorical studies to become an essential discipline in arts and humanities engendering innovative theory and applications in areas such as linguistics literature history cultural studies political science and sociology This handbook will be crucial for students and researchers in areas such as literature and linguistics communication studies political science and arts and humanities in general This book will also be useful to social science education business law science and engineering departments due to its coverage of rhetoric in a multidisciplinary and multilingual context Chapter 16 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *Literacy and Power* Hilary Janks, 2009-10-16 Hilary Janks addresses key questions about literacy and power in this landmark text that is both engaging and accessible Her central argument is that competing orientations to critical literacy education domination power access diversity design foreground one over the other but are crucially interdependent and need to work together to create possibilities for redesign and social action that serve a social justice agenda She examines the theory underpinning each orientation and develops new theory in the argument for interdependence and integration Sitting at the interface between theory and practice constantly moving from one to the other the text is rich with examples of how to use these orientations in real teaching contexts and how to use them to counterbalance one another In the groundbreaking final chapter Janks considers how the rationalist

underpinning of critical literacy tends to exclude the non rational shows ways of working beyond reason pleasure and play desire and the unconscious and makes the case that these need to be taken seriously given their power to cut across the work of critical literacy educators working from any orientation
