the phenomenon of mother blame in the twenty first century As the socioeconomic and cultural expectations of what constitutes good motherhood grow continually narrow and exclusionary mothers are demonized and stigmatized perhaps now more than ever for all that is perceived to go wrong in their children's lives This anthology brings together creative and scholarly contributions from feminist academics and activists alike to provide a dynamic study of the many varied ways in which mothers are blamed and shamed for their maternal practice Importantly it also considers how mothers resist these ideologies by engaging in empowered and feminist mothering practices as well as by publicly challenging patriarchal discourses of good motherhood Marginalized Mothers, Mothering from the Margins Tiffany Taylor, Katrina Bloch, 2018-10-08 This volume examines the barriers and borders that marginalize mothers and their efforts to be good mothers and how they mother as a form of resistance to these barriers and borders **Subject to Negotiation** Elaine Neil Orr,1997 Challenges the subversive model of feminist criticism and argues for the importance of negotiation for feminist practice within a plurality of critical positions and identities presenting an empirical method for a negotiating feminist criticism and demonstrating the model with analysis of the writing of five American women authors Edith Wharton Zora Neale Hurston Eudora Welty Toni Morrison and Marge Piercy For scholars of feminist literary theory and 20th century American literature Annotation copyrighted by Book News Inc Portland OR Kave Gibbons Mary Ellen Snodgrass, 2015-01-24 With novels like Ellen Foster and A Virtuous Woman award winning writer Kaye Gibbons has gained both critical acclaim and a large devoted following among readers This literary companion equips the reader with information about characters plots dates allusions literary motifs and themes from the bestselling author's works After an annotated chronology of Gibbons life the work presents 103 A Z entries that include Snodgrass s analysis cover the writings of reviewers and critics and provide selected bibliographies Appendices offer an historical timeline with references to corresponding historical events from Gibbons novels along with a list of 42 topics for group or individual research projects

The Mother in Psychoanalysis and Beyond Rosalind Mayo, Christina Moutsou, 2016-10-04 The question of what it means to be a mother is a very contentious topic in psychoanalysis and in wider society The Mother in Psychoanalysis and Beyond explores our relationship to the maternal through psychoanalysis philosophy art and political and gender studies Over two years a group of psychotherapists and members of the public met at the Philadelphia Association for a series of seminars on the Maternal In the discussions that followed a chasm opened up slowly and painfully between the idealised longings and fantasies we all share and the realities of maternal experiences here were met the great silences of love loss longing memories desire hatred and ambivalence This book is the result of this bringing together in conversation and reflections of what so often seems unsayable about the Mother It examines how issues of personal and gender identity are shaped by the ideals of separation from the mother the fears and anxiety of merging with the mother and how this has often led in psychoanalysis and society to holding mothers responsible for a variety of personal and social ills and problems in which

maternal vulnerability is denied and silenced There are two main themes running throughout the book Matricide and Maternal Subjectivity On the theme of matricide several contributors discuss the ways in which the discourse and narratives of the Mother have been silenced on a sociocultural level and within psychoanalysis and philosophy in favour of discourses that promote independence autonomy power and the avoidance and denial of our fundamental helplessness and vulnerability On the theme of maternal subjectivity several chapters look at the actual experience of mothering and or our relationship to our mother to highlight the ways in which the maternal is intimately connected with human subjectivity The Mother in Psychoanalysis and Beyond provides new and provocative thinking about the maternal and its place in various contemporary discourses It will appeal to psychoanalysts psychotherapists and psychologists of different schools scholars and advanced students of art gender studies politics and philosophy as well as anyone interested in maternity studies and the relationship between the maternal and human subjectivity **Psychiatry** Neel Burton, 2011-12-15 This book is very different from any medical textbook you ve everread its greatest merit is to have single handedlytransformed the perception of psychiatry from that of Cinderellaspeciality to that of hottest speciality on offer Following in the footsteps of the groundbreaking first edition this second edition of Psychiatry is a comprehensive textbook of mental health that brings its subject alive withnumerous case studies images and photographs and short references from the arts history and philosophy These not only facilitatelearning and memorisation but also highlight the subjective experience of mental illness and stimulate thought into the nature of the human experience Based on extensive feedback from students and lecturers this second edition places greater emphasis on psychological treatments clinical skills and exam success and integrates more than 350self assessment questions Other important features include A clear and attractive layout with colour coding and colourimages and photographs Learning objectives boxed summaries and self assessmentquestions in every chapter Step by step coverage of the psychiatric history mental stateexamination and formulation with an integrated account of thesigns and symptoms of mental disorders and a model casehistory Clinical skills OSCE boxes on competencies such as enquiringabout delusions and hallucinations assessing suicidal risk andassessing capacity Greater coverage of psychiatric subspecialties An expanded chapter on the history of psychiatry withintroductions to Freud and Jung Psychiatry is the perfect textbook formedical students junior doctors GPs and all healthcareprofessionals needing a thorough account of mental disorders The Child That Haunts Us Susan Hancock, 2016-02-04 The Child That Haunts Us focuses on the symbolic use of the child archetype through the exploration of miniature characters from the realms of children's literature Jung argued that the child archetype should never be mistaken for the real child In this book Susan Hancock considers how the child is portrayed in literature and fairytale and explores the suggestion from Jung and Bachelard that the symbolic resonance of the miniature is inversely proportionate to its size We encounter many instances where the miniature characters are a visibly vulnerable other yet often these occur in association with images of the supernatural as the desired or feared object of adult imagination In The Child That Haunts Us it is

emphasised that the treatment by any society past or present of its smallest and most vulnerable members is truly revealing of the values it really holds This original and sensitive exploration will be of particular interest to undergraduate and postgraduate students as well as academics engaged in Jungian studies children's literature childhood studies and those with an interest in socio cultural constructions of childhood **Encyclopedia of Women in Today's World** Mary Zeiss Stange, Carol K.
