Legends of Isphilia: Genesis Alex Entzminger, 2007-06-18 On the small planet of Isphilia two

orphaned boys Crinia and Natsanori find themselves amidst a war that had been wrought by its rival planet Hectom and its grand ruler King Peoria's immediate commanding assault. The young boys were not ordinary youths; however, at birth they were entrusted with a rare mysterious item called an Element that not only bestowed them with the ability to use a unique force of nature but also amplified the amount of Energy they could attract from their planet's magically enriched atmosphere. King Peoria was desperately seeking this power. Eager to obtain the boys' unique skills, he orders his own son Prince Caradin to stop at nothing until acquiring their abilities.

Includes a comprehensive companion website featuring online exercise files to practice coding, full build samples from the text, additional book details, and more.

[The Business of Android Apps Development](#) Mark Rollins, 2012-01-31 The growing but still evolving success of the Android platform has ushered in a second mobile technology gold rush for apps developers, but with well over 100,000 apps and counting in the Google Android Market and now the Amazon Android Appstore, it has become increasingly difficult for new applications to stand out in the crowd. Achieving consumer awareness and sales longevity for your Android app requires a lot of organization and some strategic planning. Written for today's Android apps developer or apps development shop, *The Business of Android Apps Development* shows how to incorporate marketing and business savvy into every aspect of the design and development process, giving your application the best possible chance of succeeding in the various Android app stores and markets. This book takes you step by step through cost-effective marketing, public relations, and sales techniques that have proven successful for professional Android app creators and indie shops, perfect for independent developers on shoestring budgets. No prior business knowledge is required. This is the book you wish you had read before you launched your first app.
