Flight Command From The Farm To The Frontline:

Flight Command John Oddie, 2014-08-01 As a farm boy in western Victoria John Oddie would watch RAAF jets pass overhead as he ploughed hay fields wondering what it would be like to fly such a machine Thirty five years later having flown Hueys Chinooks Hercules jets and C 17s in a range of operations John had risen to the rank of Air Commodore John's appointment as deputy commander of Aussie forces in the Middle East capped a remarkable career of service to Australia Sadly this honour also involved the heartbreaking duty of informing families of the deaths of their husbands and sons in Afghanistan and overseeing departure ceremonies for the fallen soldiers As well as covering the war in Afghanistan Flight Command provides an insider's account of being a combat pilot in the first Gulf War a commander supporting peace in Bougainville and security in Cambodia and the often harrowing experience of being a first response commander dealing with the aftermath of the Boxing Day tsunami in Indonesia By turns heart warming and poignant Flight Command is the story of a farm boy who managed to carve an international career in the military that included service in two wars

Frontline and Experimental Flying With the Fleet Air Arm Geoffrey Higgs, 2020-01-24 The first Royal Navy pilot to fly transatlantic non stop in a Buccaneer describes his thirty five year career in the Fleet Air Arm and as an Empire Test Pilot The spectacle of Alan Cobham's Flying Circus and the Fleet at anchor in Weymouth inspired the author's lifelong passion for aeroplanes flying and the Royal Navy World War Two provided the opportunity to fulfil his ambition and at eighteen he volunteered for the Fleet Air Arm as a pilot Training in Canada began a Naval flying career that spanned thirty years Front line squadron service embarked on aircraft carriers was followed by qualification as a flying instructor Selection for the Empire Test Pilots School at Farnborough and qualification as an experimental Test Pilot changed the direction of his naval career In all he flew nearly one hundred types of aircraft and carried out close to a thousand deck landings Initial flight testing of several new naval aircraft as well as research flying in support of the development of aircraft such as the English Electric Lightning and Concorde added to a unique career Such a long and varied period of flying was not without the inevitable mishaps A near catastrophic catapult launch of a new naval aircraft the jamming of the power control system in a research aircraft and hazardous flying through tropical storms at supersonic speeds to determine safety factors for Concorde's intended Far East route were some of the dangers of flying at the cutting edge As pilot he flew the first Royal Naval aircraft to cross the Atlantic non stop without in flight refuelling or navigational aids He describes the fascinating ten day flight from Croydon to Rangoon across Europe the Middle East Pakistan and India to deliver a Percival Provost trainer to the Burmese Air Force Praise for Frontline and Experimental Flying with the Fleet Air Arm Follow Higgs from one cockpit conference room country to another You'll be as surprised as he is that he lived to tell about some of these adventures Speedreaders This hefty book chronicles a life crammed with flying all types of aircraft mostly shipboard and the inevitable mishaps A good read particularly for those of us who soak up anything to do with ships and aircraft The shipboard accounts of catapult trials

amongst other sections are gripping and the times in Singapore and the Far East add to the appeal as do the various accounts of life alongside the Americans Geoffrey Higgs flew nearly 100 different types of aircraft in his career and his love of flying shines through the pages Alan Rawlinson **A Fighter Command Station at War** Mark Hillier, 2015-08-31 Situated close to the South Coast on flat land to the north of Chichester in West Sussex lies Goodwood Aerodrome This pleasant rural airfield was once home to squadrons of Hurricanes Spitfires and later Typhoons RAF Westhampnett was at the forefront of the Battle of Britain as a satellite to the Sector or controlling Station of RAF Tangmere part of 11 Group which bore the brunt of the struggle for Britain's survival in 1940 It became the base of Wing Commander Douglas Bader until he was shot down over France as Fighter Command took the war to the enemy with operational sweeps over Occupied Europe Those operations included the infamous Channel Dash which saw the escape of the German warships Scharnhorst and Gneisenau and the Dieppe raid of 1942 which involved the largest aerial battle of the war up to that date Westhampnett's squadrons also supported the D Day landings and the subsequent Battle of Normandy Packed with the largest collection of photographs of this airfield ever compiled this illustrated publication provides a detailed history of the fighting as seen through the eyes of many of the pilots and ground crew RAF Westhampnett brings to life those exciting but dangerous days of the Second World War through the words and photographs of those who were there *Sopwith Pup Aces of World War 1* Norman Franks, 2012-11-20 An illustrated history of the Pup the forerunner of the hugely successful Sopwith Camel and the aces that flew it The first proper British fighting scout the first Pups the Royal Naval Air Service arrived on the Western Front in 1916 Although regarded as a nice aeroplane to fly pilots who used it in combat gained much success during the first half of 1917 The Royal Flying Corps also used the Pup from January 1917 onwards with the final combats with the machine occurring in December of that year This book describes the combat careers of the successful Pup aces how they flew and how they fought *VIII Fighter Command at War* Michael O'Leary, 2012-12-20 This volume focuses on the little known official Army Air Force report commissioned by the Eighth Air Force's VIII Fighter Command FC in May 1944 The detailed document chronicled the experiences of 24 pilots who had seen extensive service in the frontline escorting B 17s and B 24s on daylight raids deep into Germany Briefed to provide a candid report on combat flying that could be used as a teaching manual for potential fighter pilots the VIII FC veterans openly discuss their secrets to success and survival in the deadly skies over occupied Europe Exactly half of those pilots who contributed to The Long Reach subsequently achieved ace status *Bf 109E/F vs Yak-1/7* Dmitriy Khazanov, Aleksander Medved, 2015-06-20 Step into the cockpits of the Luftwaffe's Bf 109 and the Red Air Force's Yaks 1 7 two fighters which were involved in some of the largest fiercest aerial battles in history The Iconic Messerschmitt fighter and its combat hardened pilots inflicted a fearful beating on the Yaks in the beginning of the war Some of the highest scoring aces in history benefitted from the Bf 109's technical superiority over the overweight and underpowered Yak 1 racking up incredible successes against their poorly trained and equipped adversaries And yet as the

Soviets accumulated combat experience their tactics improved as did their mounts in the upgraded Yak 1B and gradually the Red Force eroded the Jagdwaffe's dominance of the skies in the eastern front though with the 109G they would never lose qualitative superiority Featuring first hand accounts from veteran pilots rare archival photographs and expert analysis this volume brings to life the vicious dogfights that took place between the Bf 109 and the Yak as they vied for mastery of the frozen skies of the Eastern Front

Cornwall's First Town in the Frontline P. Joe Plant, 2010-07 Little if anything is known about Torpoint's passage through the years of World War II in fact it is a time forgotten This book goes some way to describe what actually did happen It is not about one story but about many individual stories threaded together to record and validate one person's recollection together with others to give a true account of the incident in question which caused death and injuries to its civilian residents also the fate of its servicemen who died in battle throughout the world Due to censorship the taking of photographs was not permitted However during research for the book a few did come to light including German Reconnaissance photos identifying Torpoint as a target and American GIs leaving on 1st June 1944 bound for the D Day Landings a truthful illustration of the times and incidents that did occur This book also identifies a complete list of Torpoint's War fatalities their courage dedication and sense of sacrifice which brought about their early demise It is a chronicle of a short period in the town's history that students will learn from and that for others will hopefully rekindle lost family memories I can only congratulate Joe on a quite remarkable achievement This book will provide a permanent insight to this and future generations of the dark days our predecessors had to endure the contribution they made to eventual victory and the freedoms we enjoy today

Richard Carew Pole Bt ABOUT THE AUTHOR Joe Plant was born in Crystal Palace London During the London Blitz of March 1941 his family was bombed out so he has personal experience of being involved with incidents of falling bombs during the Blitz He travelled north to Lancashire to seek refuge returning before the end of the war to the devastation of London In 1955 he was conscripted as a National Serviceman and served in Malaya during the Emergency War Demobed in 1957 in 1959 he married his wife Annette From their marriage they have three children and seven grandchildren In 1963 through a car accident Joe was left partially sighted He trained as a Design Draftsman had to change his profession to become a Purchasing Manager which took him to many foreign countries before he was seconded to Devonport Dockyard in 1987 He moved to Torpoint where the family settled In 1997 he became the Chairman of the reformed Torpoint branch of the Royal British Legion

Frontline, 2006

Sopwith Camel Jon Guttman, 2012-10-20 An icon of World War I aerial combat the Sopwith Camel was a superb dogfighter in the hands of a pilot who could master its vicious idiosyncrasies The first British fighter to be armed with twin machine guns the Camel packed a considerable punch and was highly successful notching up a considerable number of aerial victories The Camel was a remarkable aircraft and one that could perform in a variety of roles including as a

ground strafers, a night fighter, and a carrier-based fighter. As newer, higher performance aircraft types were introduced and began to eclipse it, the dominance of the Camel declined and losses mounted. Nevertheless, Camels appeared over battlefields throughout the war and beyond, notably in the Russian Civil War.
