Home Economics Barbara Teman, 2001 Florida Water Treatment Operator Certification Exam Unofficial Self Practice Exercise Questions ExamREVIEW, 2018-06-28

The Florida Operator Certification Program aims to safeguard public health and safety, protect the environment and conserve water resources. There is a treatment track and a distribution track. Each track has multiple levels and there are common knowledge items included in all these levels. This product provides review questions that cover these common TREATMENT track knowledge topics. The questions provided in this product focus on the Water Treatment Processes of Rapid Mixing, Coagulation and Flocculation, Water Fluoridation, Sedimentation, Filtration and Disinfection. These are the knowledge required on all exam levels and grades. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning, to validate successful transference of knowledge and to identify areas of weakness that require remediation. The questions are NOT designed to simulate actual exam questions. Realistic or actual questions that are for cheating purpose are not available in any of our products.
