Trading & Investing Martha Maeda, 2011 Currency trading is the practice of exchanging one country's currency for another's. The foreign exchange Currency Forex or FX market is the largest trading market in the world exceeding 3.2 trillion every single day. Essentially there are four variables involved: currencies, exchange rate, time, and interest rate. The relationships of these variables create opportunities for small investors to obtain investment returns that are unheard of in the traditional investment world. You owe it to yourself and your family to begin learning about currency trading. You can get started with just 100 and the investment can easily be managed in a part-time capacity, usually requiring a few hours on the Internet a week from your home or your office. Currency investments can provide you with a very high and secure rate of return in some cases as high as 12 percent, 18 percent, 24 percent, or even 1,000 percent every year. This all sounds great, but what is the catch? There really is none. You just have to know what you are doing. This groundbreaking and exhaustively researched new book will teach you everything you need to know to get you started. In no time you will be generating high investment returns with low risk from start to finish. You will discover what currency trading is, how to invest in foreign currency trading strategies and tactics, technological considerations, how to set up your account online, how to purchase currency online, day trader insights, current trends, Pivot Programs, price projectors, futures, predicting trading software, and insider secrets to help you double or even triple your investment all while avoiding the traps and pitfalls that come with many other kinds of investments.
