The Complete Guide to Writing & Publishing Your First e-Book Martha Maeda, 2015-02-06 The advent of Amazon's Kindle in 2007 allowed millions of writers to make the leap from paper to the electronic screen. Several eReader competitors recently joined the ring introducing products such as the Apple iPad, Barnes & Noble Nook, the updated Sony Reader, and Samsung Papyrus. The publishing world is experiencing a revolution with these electronic readers, and you can catch up to speed by learning the ins and outs of publishing with this low-cost, high-profit publisher. *The Complete Guide to Writing Publishing Your First eBook* is a guide for anyone who's dreamt about becoming a published author and is intrigued by the profitable new prospect of ePublishing but didn't know where to start. eBook sales hovered around 500 million at the end of 2009 and are steadily climbing. If you're passionate about writing and using new technology to market yourself and your work, this book will explain how you can do what you love and increase your earning potential. Start off with understanding what an eBook is and the differences between traditional and digital publishing and the benefits involved. You will identify and learn the details of more than 15 eReaders, including the three top-selling Kindle, Nook, and Sony Reader. You will employ the basics of analyzing your audience, brainstorming, writing, editing, and marketing according to the type of eReader. You will learn the process of getting your book published, how to change or alter the format or style of your book to match the necessities of the eReader, and how to optimize the format of any text for e-reading. We spent dozens of hours interviewing writers who are experts in the art of digital publishing to provide a complete overview of everything you need to know about publishing your eBook. Not only will you learn how to upload your work through an eReader; you will also hone your writing skills with tips, writing exercises, and writing resources. You will learn how to target your book to the right demographic and what you can do to promote your book in online inventories. You will learn the basics of viral marketing, promotion, SEO, and building a business with digital publications. You will learn how to work with your eReader to produce innovative content, and you will learn how to monitor for updates to the electronic publishing industry. No matter what your goals are, you can start publishing from your home with eReader technology.

[Format Your Book](#) Mark Stattelman, 2020-06-19 **FORMAT YOUR BOOK FOR AMAZON USING MICROSOFT WORD** Don't pay for formatting. This book breaks it all down. You'll be formatting your manuscript in record time. This book has it all nicely laid out. You know what you need. Just go straight to the section you need. Do something, and a page number disappears. I'll tell you exactly what clicks to make to get it back. Change a header for one section or chapter, and all of the chapters following that one change. Not what you intended, right? I'll tell you how to fix it. It took me almost a month to figure out how to format my first book in Microsoft Word. It was frustrating. Strange things would happen with the text, and I couldn't figure out why or how to fix it. I watched a ton of YouTube videos to pick up a suggestion here and there from each video. Eventually, after days and weeks, I had a general idea of where to look for the problem. I then had to figure out exactly how to fix that problem. I wanted to pull my hair out. But finally, I got that first book formatted and

then the second third etc Things got a little easier I knew exactly where the trouble spots would be and I generally knew how to fix the problem I do now anyway Are there still glitches Absolutely I m certainly not an expert but I can get the job done in a reasonable amount of time I m working on shortening that time even more And I m trying to shorten the time for you No one should have to just muddle through and spend weeks trying to solve what could be a very simple problem if that person just knew what to click on next The most you ll have to do is figure out what type of font to use or the trim size you want etc All the rest will be pretty much just a matter of you flipping to the correct section Want to add a header It s there Along with showing you how to format in Word I show you the basic ins and outs of Kindle Create A little effort up front and you re on your way Don t pay someone else to do a job you can do yourself Format your own book exactly how you want
