**A Treasure More Than Gold** Ritt Jordan,2015-04-21 Almost four years have passed since Forrest Fenn released his memoir *The Thrill of the Chase* In his book he tells of a bronze treasure chest which he hid somewhere in the Rocky Mountains north of Santa Fe NM Since it was released thousands of treasure hunters and adventurers have been searching for this hidden treasure His memoir includes a poem with nine clues unlock the clues and follow the directions precisely and it will lead you to the treasure If you find it he says he will give you title to the gold If you dream of riches and would like a challenge then this book will give you a head start Back cover [Mountain Walk Versus Forrest Fenn](#) Richard E. Saunier,2023-06-24 *Mountain Walk Versus Forrest Fenn* was written to support a unique idea and to defend the legacy of a generous and noble friend Forest Fenn devised a treasure hunt in which he hid a fortune in gold and jewelry in the Rocky Mountains He peppered clues throughout his book *The Thrill of the Chase A Memoir* as to its location and declared the finder could keep the treasure The purpose was to get people outside and to share the things and experiences that made his own life interesting and fulfilling The treasure was discovered in June 2020 shortly before Forest Fenn and his wife of sixty years passed A decision by Fenn and the finder to not disclose the site left many of the thousands who searched for his treasure dissatisfied some caustically so For them the game was a hoax a scam and unfair Legal suits were brought against the Fenn estate the finder and other tangentially involved individuals Books and articles were written with no purpose other than

destroying Fenn's legacy Mountain Walk a blog to help interpret the clues and keep treasure hunters out of trouble argued the only way to stop the nonsense was to find the hiding site using nothing but the clues given in Fenn's memoir The Thrill of the Chase The author takes the reader through that mental exercise with the caveat that at this point only the finder really knows the site's location
