Music Production: How to Produce Music, The Easy to Read Guide for Music Producers

Introduction

Tommy Swindali, 2020-08-27

Everything You Need to Know: You are about to discover proven steps and strategies from music producers on how to produce music even if you have zero experience in recording and audio engineering. You will be able to learn everything you need to know in order to make your first single sound just the way you want it. In this book you will learn how to build your own studio and have the right gear and software in order to start creating music. You will also learn how to be a smart recording artist or give the right direction to performers whom you want to produce songs for.

You Can Do It and We Will Show You How: Your first home studio does not need to have all the top of the line gear you just need the basic stuff for now. As long as you know how to use the most basic studio equipment you will know what to do once you hit the big studio. We will make sure you know how to engineer all the tracks that you have recorded in order to make your first single sound just the way you want it.

Here Is A Preview Of What You'll Learn:

- How to set up a studio and what equipment you need to use
- How to perform a song while in the studio
- How to create a final mix for your songs
