Circles of Thorns Justin Lewis-Anthony,2008-11-13 Unlike Bosch s better known fantastical proto surrealist paintings Christ Mocked is small still and sombre and yet with a little effort of knowledge and interpretation it reveals a depth of understanding of both the Passion and of human nature that speaks as much to the twenty first century as it did to the sixteenth By exploring the political scientific psychological and devotional world of early modern Europe and applying those insights to our own time the author shows how Bosch used his sophisticated artistic skills to convey a similarly sophisticated understanding of humanity In Christ Mocked a painting 500 years old but passionately modern Christ s Passion is so portrayed as to make us reassess the cosmic significance of Christ s death and its profound implications for what we think it means to be human
