How We Teach Science John L. Rudolph, 2019-06-01 Despite an enduring belief that science should be taught there has been no enduring consensus about how or why This is especially true when it comes to teaching scientific process John Rudolph shows that how we think about and teach science will either sustain or thwart future innovation and determine how science is perceived by the public

Forestry Economics John E. Wagner, 2023-12-22 Forestry Economics introduces students and practitioners to the economics of managing forests and forest enterprises The book adopts the approach of managerial economics textbooks and applies this to the unique problems and production processes faced by managers of forests and forest enterprises What many future forest and natural resource managers need is to understand what economic information is and how to use it to make better business and management decisions John E Wagner draws on his 30 years of experience teaching and working in the field of forest resource economics to present students with an accessible understanding of the unique production processes and problems faced by forest and other natural resource managers The second edition has been updated to include Expanded discussion of compounding discounting and capital budgeting as well as an expanded discussion of when to replace a capital asset that has i costs but no direct revenue stream such as a machine ii costs and a direct annual revenue stream such as a solar array or iii costs and a periodic revenue stream illustrated by the forest rotation problem New practical examples to provide students with applications of the concepts being discussed in the text most notably on New Zealand and a Radiata Pine *Pinus radiata* Plantation A brand new chapter that develops business plans for for profit businesses to illustrate how a business plan is derived from the economic information contained within the Architectural Plan for Profit and how it can be used to make business decisions about continuing to operate a business or to start a new business This textbook is an invaluable source of clear and accessible information on forestry economics and management not only for economics students but also for students of other disciplines and those already working in forestry and natural resources

Scripting the Moves Joanne W. Golann, 2021-06-08 An inside look at a no excuses charter school that reveals this educational model's strengths and weaknesses and how its approach shapes students Silent single file lines Detention for putting a head on a desk Rules for how to dress how to applaud how to complete homework Walk into some of the most acclaimed urban schools today and you will find similar recipes of behavior designed to support student achievement But what do these scripts accomplish Immersing readers inside a no excuses charter school Scripting the Moves offers a telling window into an expanding model of urban education reform Through interviews with students teachers administrators and parents and analysis of documents and data Joanne Golann reveals that such schools actually dictate too rigid a level of social control for both teachers and their predominantly low income Black and Latino students Despite good intentions scripts constrain the development of important interactional skills and reproduce some of the very inequities they mean to disrupt Golann presents a fascinating sometimes painful account of how no excuses schools use scripts to regulate students and teachers She shows why scripts were adopted what purposes they serve and where they fall short What

emerges is a complicated story of the benefits of scripts but also their limitations in cultivating the tools students need to navigate college and other complex social institutions tools such as flexibility initiative and ease with adults Contrasting scripts with tools Golann raises essential questions about what constitutes cultural capital and how this capital might be effectively taught Illuminating and accessible Scripting the Moves delves into the troubling realities behind current education reform and reenvisions what it takes to prepare students for long term success 5 Steps to a 5 AP Macroeconomics with CD-ROM, 2014-2015 Edition Eric Dodge, 2013-07-30 Presents a study plan to build knowledge and confidence discusses study skills and strategies provides one diagnostic exam and two practice exams and includes a review of the core concepts Sustainable Development Goals and Institutions of Higher Education Godwell Nhamo, Vuyo Mjimba, 2019-09-14 This volume brings together both theoretical and case study based contributions to the implementation of the Sustainable Development Goals SDGs in Institutions of Higher Education IHE presenting an impactful combination of authors from both developing and developed countries While most current publications addressing the SDGs and education focus on sustainable development in general and specific topics such as climate change or energy this book attempts to accelerate the localisation of the SDGs by presenting opportunities and innovations offered in various universities and campuses regarding SDGs localisation The book seeks to provide an important contribution to the global dialogue on IHE and the SDGs and will be of interest to academics and researchers engaged in the SDGs and education as well as government agencies and other interested stakeholders The book focuses on curriculum and learning matters research and development as well as community engagement Case studies detail the integration of SDGs in academic and professional development new approaches to implementing sustainability science instruction improvements in teaching practices to enhance teacher competence and responsible management education Additional focus is placed on the alignment of the SDGs in higher education with the other goals emphasizing technological innovation for improved human health and environmental management and climate change policies and action plans Interdisciplinary solutions for pressing environmental problems are also provided making sure that no one is left behind in realising these global development goals **Evaluating Public Communication** Jim Macnamara, 2017-09-05 Evaluating Public Communication addresses the widely reported lack of rigorous outcome and impact oriented evaluation in advertising public relations corporate government political and organizational communication and specialist fields such as health communication This transdisciplinary analysis integrates research literature from each of these fields of practice as well as interviews content analysis and ethnography to identify the latest models and approaches Chapters feature a review of 30 frameworks and models that inform processes for evaluation in communication including the latest recommendations of industry bodies evaluation councils and research institutes in several countries recommendations for standards based on contemporary social science research and industry initiatives such as the IPR Task Force on Standards and the Coalition for Public Relations Research Standards an assessment of metrics that can
