Gunnar Myrdal Claes Berg, 2025-03-04 This book offers a comprehensive exploration of Gunnar Myrdal's life as well as his significant scientific, political, and international contributions. Recognized as one of the foremost Stockholm economists, Myrdal alongside Keynes played a pivotal role in revolutionizing economic theory during the 1930s. Together with his wife Alva Myrdal, he was instrumental in shaping the Swedish welfare state. Gunnar Myrdal was far ahead of his time in demonstrating that both a strong state and a vibrant civil society are essential for developing an inclusive welfare state. Myrdal's influence extended well beyond Sweden. His groundbreaking analysis of racial oppression in the United States, particularly in his seminal work *An American Dilemma*, is widely regarded as a landmark in the struggle for equal rights. During the Cold War, he played a key role in the United Nations' efforts to rebuild Europe and sought to bridge the divide between East and West. His penetrating examination of the causes of underdevelopment in *Asian Drama* made a significant contribution to the understanding of prejudice and colonial oppression. This book traces Gunnar Myrdal's journey from his childhood to the Nobel Memorial Prize, detailing his intense collaboration with Alva and her eventual professional independence. It compellingly illustrates how he, with clear-eyed pragmatism and a steadfast commitment to his values, addressed both Swedish and global social challenges. Remarkably, many of the issues Myrdal grappled with remain deeply relevant today, including the cracks in Sweden's welfare society, racism in the United States, the rise of authoritarian regimes, and the re-emergence of a new Cold War. This book will particularly resonate with social scientists and general readers interested in the role of institutions in development, the motivations behind the inclusive welfare state, and the crucial importance of letting values guide research, policy, solutions, and actions on social issues, including identity, race, and power.

Celebrating Life Customs around the World Victoria R. Williams, 2016-11-21 This book documents hundreds of customs and traditions practiced in countries outside of the United States, showcasing the diversity of birth, coming of age, and death celebrations worldwide. From the beginning of our lives to the end, all of humanity celebrates life's milestones through traditions and unique customs. In the United States, we have specific events like baby showers, rites of passage such as Bat and Bar Mitzvahs, and sweet 16 birthday parties, and sober end-of-life traditions like obituaries and funeral services that honor those who have died. But what kinds of customs and traditions are practiced in other countries? How do people in other cultures welcome babies, prepare to enter into adulthood, and commemorate the end of the lives of loved ones? This three-volume encyclopedia covers more than 300 birth, life, and death customs, with the book's content organized chronologically by life stage. Volume 1 focuses on birth and childhood customs; Volume 2 documents adolescent and early adulthood customs; and Volume 3 looks at aging and death customs. The entries in the first volume examine pre-birth traditions such as baby showers and other gift-giving events, and post-birth customs such as naming ceremonies, child-rearing practices, and traditions performed to ward off evil or promote good health. The second volume

contains information about rites of passage as children become adults including indigenous initiations marriage customs and religious ceremonies The final volume concludes with coverage on customs associated with aging and death such as retirement celebrations elaborate funeral processions and the creation of fantasy coffins The set features beautiful color inserts that illustrate examples of celebrations and ceremonies and includes an appendix of excerpts from primary documents that include legislation on government accepted names wedding vows and maternity paternity leave regulations **The Surveyor & Municipal & County Engineer** ,1952 *Surveyor and Municipal and County Engineer* ,1951 *Peterson's Private Secondary Schools 2007* Thomson Peterson's,2006-04 Lists and describes schools in the United States and Canada Books in Print Supplement ,1984 *Study and Master Geography Grade 11 CAPS Study Guide* Helen Collett,Norma C.
