

On Saturday, Jayden started searching the internet. He looked for safe sites with good information, like zoos. He discovered red foxes run up to 30 miles per hour and can hear a mouse squeak from up to 100 feet away. However, he also learned foxes get preyed on by lots of other animals like wolves, bears, and cougars. Jayden wanted the animal he picked to be higher up in the food chain.

Jayden wondered about picking a cougar. He learned only humans hunt adult cougars. He read cougars run up to 40 miles per hour in a sprint. Jayden thought it might be awesome leap 18-feet like a cougar. He also discovered cougars spend a lot of time living alone. Jayden wanted the animal he picked to live with a family.

Next, Jayden researched the dolphin. He discovered that dolphin families live together in groups called pods. He read about how smart dolphins are and how they talk using clicks and squeaks. He thought it might be fun to race through the water at 18 miles per hour like a dolphin. He also learned about the things that pollute the seas the dolphins swim in. Jayden wanted the animal he picked to have a clean place to live. This assignment was turning out to be a lot harder than Jayden imagined.

On Sunday, Jayden returned to his search. He thought about being a koala until he found out they only eat leaves. He thought about being a giraffe until he found out they can grow 18-feet tall. Jayden did not like being in high places. He thought about being a bull until he read about bullfights. Jayden began to worry he would not have a paper to hand in on Tuesday.
