Grave Memory An Alex Craft Novel:

Grave Memory Kalayna Price, 2012-07-03 When the dead need to talk Alex Craft is always ready to listen As a Grave Witch Alex solves murders by raising the dead an ability that comes at a cost and after her last few cases that cost is compounding But her magic isn't the only thing causing havoc in her life While she's always been on friendly terms with Death himself things have recently become a whole lot more close and personal Then there's her sometime partner agent Falin Andrews who is under the glamour of the Winter Queen To top everything off her best friend has been forever changed by her time spent captive in Faerie But the personal takes a backseat to the professional when a string of suicides occur in Nekros City and Alex is hired to investigate The shades have no memory of the days leading up to their brutal endings so despite the very public apparent suicides this is murder But what kind of magic can overcome the human will to survive And why do the shades lack the memory of their deaths Searching for the answer might mean Alex won't have a life to remember at all

Davis,2011-11-21 In this innovative approach to southern literary cultures Thadious Davis analyzes how black southern writers use their spatial location to articulate the vexed connections between society and environment particularly under segregation and its legacies Basing her analysis on texts by Ernest Gaines Richard Wright Alice Walker Natasha Trethewey Olympia Vernon Brenda Marie Osbey Sybil Kein and others Davis reveals how these writers reconstitute racial exclusion as creative black space rather than a site of trauma and resistance Utilizing the social and political separation epitomized by segregation to forge a spatial and racial vantage point Davis argues allows these writers to imagine and represent their own subject matter and aesthetic concerns Focusing particularly on Louisiana and Mississippi Davis deploys new geographical discourses of space to expand analyses of black writers relationship to the South and to consider the informing aspects of spatial narratives on their literary production She argues that African American writers not only are central to the production of southern literature and new southern studies but also are crucial to understanding the shift from modernism to postmodernism in southern letters A paradigm shifting work Southscapes restores African American writers to their rightful place in the regional imagination while calling for a more inclusive conception of region **The Academy** ,1893 [The Best Books](#) William Swan Sonnenschein,1891 **The Academy and Literature** ,1893 **Central American Counterpoetics** Karina Alma,2024-03-19 Connecting past and present Central American Counterpoetics proposes the concepts of rememory and counterpoetics as decolonial tools for studying the art popular culture literature music and healing practices of Central America and the diaspora in the United States Author Karina Alma offers a systemic method and artistic mode for unpacking social and political memory formation that resists dominant histories Central American Counterpoetics responds to political repression through acts of creativity that prioritize the well being of anticolonial communities Building on Toni Morrison s theory of rememory the volume examines the concept as an embodied experience of a sensory place and time lived in the here and now By employing primary sources of image and word interviews of creatives and a critical self reflection as a Salvadoran immigrant woman in academia Alma s research breaks ground in subject matter and methods by considering cultural and historical ties across countries regions and traditions The diverse creatives included explore critical perspectives on topics such as immigration forced assimilation maternal love gender violence community arts and decolonization **Notes and Queries** ,1905 **Patient voices in Britain, 1840-1948** Anne Hanley,Jessica Meyer,2021-09-07 Historians have long engaged with Roy

Porter's call for histories that incorporate patients' voices and experiences. But despite concerted methodological efforts, there has simply not been the degree and breadth of innovation that Porter envisaged. Patients' voices still often remain obscured. This has resulted in part from assumptions about the limitations of archives, many of which are formed of institutional records written from the perspective of health professionals. *Patient voices in Britain* repositions patient experiences at the centre of healthcare history, using new types of sources and reading familiar sources in new ways. Focusing on military medicine, Poor Law medicine, disability, psychiatry, and sexual health, this collection encourages historians to tackle the ethical challenges of using archival material and to think more carefully about how their work might speak to persistent health inequalities and challenges in health service delivery.
