Villainous Education is a top secret school of applied villainy where children with a precocious gift for wrongdoing are sent to develop their talents into criminal mastermind. After all, villains have the best lines and wear the best costumes. One small catch is that the children cannot leave until training is complete six years later. With villainy comes a certain freedom of thought and every year one student in particular will show exceptional talent after all it takes the best to produce the worst. This year there are two students Otto Malpense and his new friend Wing Fanchu are both exceptionally bad and they are definitely not keen on being held against their will for six long years.

Zero Hour Mark Walden, 2013-03-19 As a final battle with Overlord looms near the H I V E heroes are up against an unimaginably dangerous weapon. Bad news for the Higher Institute of Villainous Education aka H I V E Overlord is reborn and has developed the chilling ability to move from body to body erasing the host's personality and ultimately killing them. Overlord must find Otto the only host designed to truly contain him and for that he needs to know the location of H I V E. He also plans to take control of a secret U S Army facility that is home to the Autonomous Weapon Program a computer controlled system uniquely vulnerable to Overlord's control. In the face of these threats Nero is forced to activate Zero Hour a plan designed to deal with any member of G L O V E the Global League of Villainous Enterprises who is on the brink of true global domination. Nero also knows that Otto must not be allowed to fall into Overlord's hands and a desperate race across the globe begins.

H.I.V.E. 4: Dreadnought Mark Walden, 2010-07-05 A renegade faction of the world's most powerful villains is intent on destroying G L O V E Global League Of Villainous Enterprises and showing the world the true face of evil. The Disciples begin by hijacking Diabolus Darkdoom's Airborne command post then they kidnap his son and his son's best friend. Unfortunately for them Nigel Darkdoom and Franz also happen to be Otto's friends. Heading out to America Otto Wing et al embark on a perilous and highly unauthorised rescue operation. Cut off from the support of H I V E and on the run from American security forces the hunt for their friends leads to one of the US military's most secret facilities. It becomes clear that the Disciples are not all they appear and in a desperate race against time Otto must work out who his real friends are to prevent the Disciples from completing their true objective. Only Otto can save the world from domination by a sinister new world order but it might be that the price he has to pay is just too high. When it comes to the crunch will he be prepared to sacrifice himself?

H.I.V.E. 6: Zero Hour Mark Walden, 2011-08 Overlord is on the brink of turning the world's population into zombie like drones forcing Nero to activate Zero Hour the ultimate defence.
