Business in a Virtual World Fiona Czerniawska, Gavin Potter, 2001  
On virtual management Your Virtual Success Alan Blume, 2010-06-20  
The more virtual your business, the more flexible the hours, the lower the overhead, and the greater the profit potential. Your Virtual Success will help a cash-poor entrepreneur, a small business scrambling for expansion capital, an existing business seeking to improve profits, or an independent professional in any service business. Alan Blume's virtual model has resulted in large six-figure deals with people he's never met face-to-face and never will, and small sales that would never be profitable in a traditional business environment. In Your Virtual Success, he demystifies the cost-effective leading edge Internet-based tools that are available to almost everyone as long as you know what questions to ask and where to look. Your Virtual Success shows any entrepreneur, sole proprietor, partnership, or existing business how to leverage new Internet tools to grow your business faster and more profitably. Utilize free or low-cost online resources to hire, manage, and expand your business. Rapidly create a new work-from-home virtual business while minimizing the risks of a traditional startup.
