How To Be A Domestic Goddess:

How to be a Domestic Goddess Nigella Lawson, 2003 Nigella shows that there can be more feelgood mileage from running up a tray of muffins or baking a sponge cake than in almost any other cooking and that it's not actually hard. A domestic goddess has to maintain her cool when faced with pastry; it's true, but with Nigella's guidance, even shortcrust pastry can be pain-free. *How to be a Domestic Goddess* is the book that understands our anxieties, feeds our fantasies, and puts cakes, pies, pastries, preserves, puddings, bread, and biscuits back into today's kitchen and our lives. Everything from cup cakes to chocolate cakes, from brownies to bagels, from gooseberry cream crumble to double apple pie, from pizza to pistachio macaroons, scones and muffins to cheesecakes and steamed syrup sponge, from baklava to a Barbie cake, as well as children's cooking, Christmas baking, and other wonderful family festive treats.

How Not to be a Domestic Goddess Deborah Ross, 2008 Here are Mrs Ross's handy tips on every aspect of household management, skincare, fashion, and beauty; children dealing with blackened ovenware, leftovers, and freezing. And here is useful advice on how to get a lifestyle if you suspect you don't have a proper one. Some people have fabulous bodies, accomplished kids, and amazing parenting skills and ideal jobs and harmonious marital relationships. This book is not for them. It is for the rest of us: we, the 99 per cent of the population who are not so blessed and cannot decide whether to laugh or cry. Answer: laugh. Soak, soak, soak, then throw away when nobody is looking. Decant carefully into Tupperware, place in fridge, leave for a week, then throw out when nobody is looking. Leave for a decade, then throw out when nobody is looking.

[Domestic Modernism, the Interwar Novel, and E.H. Young](#) Chiara Briganti, Kathy Mezei, 2016-12-05 *Domestic Modernism, the Interwar Novel, and E. H. Young* provides a valuable analytical model for reading a large body of modernist works by women who have suffered not only from a lack of critical attention but from the assumption that experimental modernist techniques are the only expression of the modern. In the process of documenting the publication and reception history of E. H. Young's novels, the authors suggest

a paradigm for analyzing the situation of women writers during the interwar years Their discussion of Young in the context of both canonical and noncanonical writers challenges the generic label and literary status of the domestic novel as well as facile assumptions about popular and middlebrow fiction canon formation aesthetic value and modernity The authors also make a significant contribution to discussions of the everyday and to the burgeoning field of homeculture as they show that the fictional embodiment and inscription of home by writers such as Young Virginia Woolf Elizabeth Bowen Ivy Compton Burnett Lettice Cooper E M Delafield Stella Gibbons Storm Jameson and E Arnot Robertson epitomize the long standing symbiosis between architecture and literature or more specifically between the house and the novel **I Don't Know How**

Peter Jackson,2015-09-24 Despite government claims that food is safer and more readily available today than ever before recent survey evidence demonstrates high levels of food related anxiety among Western consumers While chronic hunger and malnutrition are relatively rare in the West food scares relating to individual products concerns about global food security and other expressions of consumer anxiety about food remain widespread Anxious Appetites explores the causes of these present day anxieties Looking at fears over provenance and regulation in a world of lengthening supply chains and greater concentration of corporate power Peter Jackson investigates how anxieties about food circulate and how they act as a channel for broader social issues Drawing on case studies such as the 2013 horsemeat scandal and fears about the contamination of infant formula in China in 2008 he examines how and why these concerns emerge Comparing survey results with ethnographic observation of consumer practice he explores the gap between official advice about food safety and people's everyday experience of food including a critique of ideological notions of consumer choice A captivating timely book which presents a new theory of social anxiety

East and West the Aunties struggle with popular Western culture and provide a hybrid cultural context which amusingly sits alongside the women's otherness and past pain. The Usual Aunties is a celebration of all women of a particular age whose desires and struggles are too often forgotten. *From Superwomen to Domestic Goddesses* Natasha Campo, 2009. This book examines the rise and fall of feminism in the public imagination in the last twenty years and explains why feminism failed. It has become the catch cry of a generation. Today many women turn their back on feminism because they feel betrayed by the promises of feminism. Yet during the 1980s the popular ideal of the Superwoman offered a source of empowerment and pride for women and equality with men even having it all seemed possible. Through a close reading of popular culture sources this book shows how women's engagement with feminism has shifted over time and considers its future as a social movement.

Postmillennial Trends in Anglophone Literatures, Cultures and Media Soňa Šnircová, 2019-02-08. The book offers a collection of papers that draw on contemporary developments in cultural studies in their discussions of postmillennial trends in works of Anglophone literature and media. The first section of the book, Addressing the Theories of a New Cultural Paradigm, comprises ten essays that present respectively performatist, metamodernist, digimodernist and hypomodernist readings of selected texts in order to test the usefulness of recent theories in explorations of the new paradigm in literary media and food studies. The papers cover a wide variety of genres including the novel, the film, the documentary, the cookbook, the food magazine and the food commercial and present a number of themes which shed light on the nature of the new paradigm. The second part of the volume, Mapping the Dynamics of a New Sensibility, offers a wider perspective and presents seven papers that search for evidence of a new sensibility in selected examples of postmillennial texts. These contributions move beyond the frameworks of the theories explored in the first part in order to offer new perspectives in the contributors' respective fields of interest. *Gender and Consumption* Lydia Martens, Emma Casey, 2016-04-15. Drawing upon

anthropological, sociological and historical perspectives, this volume provides a unique insight into women's domestic consumption. The contributors argue that domestic consumption represents an important lens through which to examine the everyday production and reproduction of socio-economic relations. Through a variety of case studies such as gambling, wedding day consumption and bedroom decor, the essays explore and reconsider the nature of public and private spaces and the subsequent nature of domestic space often by challenging traditional notions of what constitutes the domestic. The volume demonstrates the broad range of experiences that domestic consumption offers women and reveals some of the complex meanings and motivations underpinning women's consumption practices. **Cake** Alysa Levene, 2016-03-15. Cake

can evoke thoughts of home comfort, someone at a time of grief or celebrate a birth or new love. It is a maker of memories, a marker of identities and delicious. It was the year 878 A.D. and a man claimed sanctuary in a small village home in Wessex. To the surprise of the villager, the man was not a passing vagabond but Alfred King of the Anglo-Saxons. The village homemaker was happy to hide him from the marauding Danes provided he keep an eye on the cake she had baking in the oven.

Preoccupied with how to re take his kingdom Alfred let the cake burn and the incident passed into folklore forever From these seemingly ignoble beginnings not only was Alfred able to reclaim his spot in history but the humble villager s cake has become a part of world culture as well Alysa Levene looks at cakes both ancient and modern from the fruit cake to the pound cake from the ubiquitous birthday cake to the angel food cake all the way up to competitive baking shows on television and our modern obsession with macaroons and cup cakes Along the way author Alysa Levene shows how cakes are so much more than just a delicious sugar hit and reflects on how and why cakes became the food to eat in times of celebration Cake reflects cultural differences whether it is the changing role of women in the home the expansion of global trade even advances in technology Entertaining and delightfully informative *Cake A Slice of History* promises to be a witty and joyous celebration of our cultural heritage
