How To Create:

HOW TO CREATE YOUR OWN WORLD - BOOK 1 Kamal Mahalingam, Ray DeCormier, 2022-08-22 Since you're reading this I will assume that you are looking for a way to achieve success, peace, and happiness in your life. Well, I believe you have come to the right place. Most definitions of success focus on attaining wealth. While I will not discount the importance of that, my definition of success also includes being in harmony with your nature, being happy with your relationships, and being satisfied with your vocation. Some people instinctively know how to achieve success. Consequently, they have figured out how to create their own world. Maybe you've met some of these people. What they all seem to have in common is a fulfillment within themselves, their mates, and especially with their calling. Unfortunately, most people do not share that feeling of success, especially as it relates to their job or career. If this is a concern for you, then maybe it's time to consider changing the way you've managed your work life. Let me be frank. The intent of this book is to help you find success by teaching you how to Create Your Own World. Although you can apply the concepts for Creating Your Own World to many facets of life, however, since a satisfying work life is so essential for happiness, much of what I will focus on is how to discover a rewarding work life, often referred to as your Calling. To achieve success, I believe you need to become enlightened in three distinct areas. First, you need to understand applied psychology, attitudes, and how your conscious and sub-conscious minds work. Next, you need to know how to harmonize with your true nature. In other words, finding your calling. By finding your calling, I mean discovering the career you should have, experiencing the peace you should embrace, and doing those activities that you conclude are enjoyable. Finally, to help you discover and actualize your calling, you need a successful process. Give me your undivided attention, and I will show you exactly what you need to do to discover and achieve an exciting career and a wonderful life.
