sky a ghost like pimp deploys a Hegel spouting girl of the night a forest harbours soldiers apparently un aged since World War II There is a savage killing but the identity of both victim and killer is a riddle one of many which combine to create an elegant and dreamlike masterpiece Wonderful Magical and outlandish Daily Mail Hypnotic spellbinding The Times Cool fluent and addictive Daily Telegraph [A Study Guide for Haruki Murakami's "Kafka on the Shore"](#) Cengage Learning Gale,2017-07-25 A Study Guide for Haruki Murakami s Kafka on the Shore excerpted from Gale s acclaimed Literary Newsmakers for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Literary Newsmakers for Students for all of your research needs **Haruki Murakami and the Search for Self-Therapy** Jonathan Dil,2022-02-24 Haruki Murakami a global literary phenomenon has said that he started writing fiction as a means of self therapy What he has not discussed as much is what he needed self therapy for This book argues that by understanding more about why Murakami writes and by linking this with the question of how he writes readers can better understand what he writes Murakami s fiction in other words can be read as a search for self therapy In five chapters which explore Murakami s fourteen novels to date this book argues that there are four prominent therapeutic threads woven through Murakami s fiction that can be traced back to his personal traumas most notably Murakami s falling out with his late father and the death of a former girlfriend and which have also transcended them in significant ways as they have been transformed into literary fiction The first thread looks at the way melancholia must be worked through for mourning to occur and healing to happen the second thread looks at how symbolic acts of sacrifice can help to heal intergenerational trauma the third thread looks at the way people with avoidant attachment styles can begin to open themselves up to love again the fourth thread looks at how individuation can manifest as a response to nihilism Meticulously researched and written with sensitivity the result is a sophisticated exploration of Murakami s published novels as an evolving therapeutic project that will be of great value to all scholars of Japanese literature and culture **Before Identity** Richard F. Calichman,2021-02-01 Before Identity represents the first attempt to provide a comprehensive examination of the methodological ground of Japan studies At its most basic level the field presupposes the immediate empirical existence of an entity known as the Japanese people or Japanese culture from which it then carves out its various objects of inquiry Richard F Calichman attempts to show that this presupposition is itself ineluctably bound up with modern forms of knowledge formation thereby enlarging the scope of what is meant by modernity In this way he aims to bring about a heightened level of theoretical critical vigilance in the field Calichman explores the methodological commitments implied or expressed in the work of a range of writers and scholars Murakami Haruki Komori Y ichi Harry Harootunian Tomi Suzuki Alan Tansman and Dennis Washburn and how such commitments have shaped and limited the field If theoretical issues in Japan studies are not subjected to this sort of in depth scrutiny Calichman argues then the field will continue to remain ghettoized relative to other disciplines in the humanities and social sciences

which have typically been more receptive to conceptual discourse By showing that scholarly inquiry must begin not at the level of the object but rather at the more fundamental level of methodology Calichman aims to introduce a greater degree of theoretical rigor to the discipline of Japan studies as a whole *A Study Guide for Haruki Murakami's "Kafka on the Shore"* Cengage Learning Gale,2016 The Cultural Complex Thomas Singer,Samuel L. Kimbles,2004 Based on Jung's theory of complexes this book offers a new perspective on conflicts between groups and cultures demonstrating how the effects of cultural complexes can be felt in the behaviour of disenfranchised groups across the world **Haruki Murakami** Mark Mussari,2011-01-15 Learn the story behind Haruki Murakami and examine in depth his most widely read works
