*Who's Your Commodore* David Wardlow,2017-12-16 This is a true story about becoming a member of a Southern California yacht club and later serving on the board of directors as a director through to the commodore's position of being in charge The story expresses the frustration of the past with no true direction and the changing of the guard to a new and steady course This is not about an exercise in seamanship but of seniorship With the climate of our current political system changing in this country it seemed there was a need to share this story Most boards are governed by Robert's Rules of Order and their bylaws supported by their SOPs standard operating procedures to keep continuity for their future Board differences are their types nonprofit business for profit homeowner association philanthropy etc Basically they are here for solving and resolving their issues in a manner with control They are not for creating chaos It is interesting that personalities overshadow this reality when all the tools are in place A decision was made to put this in writing to purge the soul hopefully shedding some light on what can happen when in control versus when out of control This is a four year journey With that being said this plays to a much larger audience than just yacht clubs **Instructors Resource Manual** George Beekman,2001-04-27
