

***Fahrenheit 451* Discussion Questions and Study Guide**

Answer briefly the following questions:

Part One – The Hearth and the Salamander

1. The novel, *Fahrenheit 451* begins : "It was a pleasure to burn." Why does Ray Bradbury start the novel in this way? Why might it be more pleasurable to burn books rather than read them?
2. In the opening scene, why are the books compared to birds.
3. Read Handout Number One, "The Fifties." Read to page 31. Discuss the difference between Montag and Clarisse's lives.
4. Montag's television includes headphones called "seashells." The "wall to wall circuit" allows Mildred to enter the "play" and, therefore, the television programming. How does the technology within the novel compare to our current technology? In the first pages of the novel, does technology improve the quality of life for Montag and his wife, Mildred? Why or why not?
5. Complete Part One (pp. 32 – 68) consider why the narrator introduces us to Montag at this time of his life, when he encounters Clarisse and confronts Mildred's overdose.
6. Why does the author introduce the character of Clarisse before Mildred?
7. Why are all the houses fireproof in this society?
8. Why does Mildred require emergency service? What service is provided?
9. What is the mechanical hound and what is its purpose?
10. Why does the society consider Clarisse "anti-social"?
11. When the woman's house is raided, why does she light the match?
12. Describe the relationship between Montag and Mildred?
13. What is the purpose of Beatty's visit?
14. Reread Captain Beatty's monologue (pp.57-59). Discuss his view that school cultivates anti-intellectual sentiment (p.58). In your opinion does it accurately depict your high school? Do books violate the idea that "everyone [is] made equal" (p.58)?
15. Why does Montag feel "fat"?

Arts and Culture

Fahrenheit 451 was published in 1953, the year the Korean War ended. The memory of Hitler's atrocities and World War II was less than a decade old. The Cold War, meanwhile, had hardened into a standoff. In 1952 the U.S. tested a hydrogen bomb, and the U.S.S.R. followed suit a year later. Only three years later, Frenchman Jean-Paul Sartre's philosophy of existentialism, *Being and Nothingness*, is published in an English translation. In jazz, the swing era gave way to bebop, bringing new musical expression to the post-war era. In New York, saxophonist Charlie Parker and trumpeter Dizzy Gillespie inspired audiences with their dynamic virtuosity. A year after the publication of *Fahrenheit 451*, the Voice of America began broadcasting jazz worldwide. In 1956, the U.S. State Department sent Duke Ellington, Dizzy Gillespie, and Louis Armstrong on tour in the hope that their performances would spread American democracy and alleviate the tensions of the Cold War.

Go to NEA's jazz in the Schools Web site at www.neajazzintheschools.org. Go to Lesson Three and play clips of Charlie Parker, Dizzy Gillespie, Miles Davis, and Dave Brubeck. Take notes as you listen. Identify the different patterns in the music.
