Anatomy of State Capture Nina Callaghan, Robyn Foley, Mark Swilling, 2021-11-26 Following the release of the Public Protector's State of Capture Report in November 2016 South Africans have been witness to an explosion of almost daily revelations of corruption mismanagement and abuses by those entrusted to lead the nation The extent of this betrayal is overwhelming and it is often difficult to distil what actually happened during the Zuma administration This book draws on the insights and expertise of 19 contributors from various sectors and disciplines to provide an account of what transpired at strategic sites of the state capture project The ongoing threat of state capture demands a response that probes beyond what happened to understanding how it was allowed to happen The stubborn culture of corruption and misgovernance continue to manifest unabated and the predatory practices which enable state capture have not yet been disrupted It is our hope that the various case studies and analyses presented in this book will contribute to confronting these shortcomings in current discourse and open avenues for progressive deliberation on how to collectively reclaim the prospects of a just and prosperous South Africa for all
