TIPS FOR USING HEADSET WITH TWO PHONES

Use the following tips when operating the headset while connected to two phones:

- The most recently paired phone connected to the headset is always the primary phone. The other phone is listed for secondary phone.
- Incoming calls can be answered from both phones. When answering a call, the other phone is disconnected from the headset. When the call ends, connection to the phone is automatically reestablished.
- Since that calls can be made from either phone, use different key strokes to select which phone to make a call or call log "History List" for details.
- Receiving a text call from the number on the phone with the last ongoing call.

My headset will not enter pairing mode.

Make sure that the headset is properly paired with the headset and turned **OFF**. If the indicator light is flashing in blue, turn off the other device, turn on the headset, and repeat the pairing process. The indicator light becomes steadily lit in blue following the headset is now in pairing mode.

My phone doesn't find my headset.

Make sure the indicator light on your headset is on. It is a must and check when your phone is searching for devices near it.

My headset worked before but now it's not working.
