Helping Your Students with Homework Nancy Paulu,1998

Grading for Equity Joe Feldman,2023-08-31 Raise standards and improve learning for all students through equitable grading Grading one of the most important responsibilities of teachers with major implications for students academic and life trajectories is ironically also among the most enigmatic and frequently avoided topics in education Although most teachers sense that common grading practices are often ineffective there is limited understanding of how those practices can undermine effective teaching and harm students particularly those historically underserved It is long past due to implement grading practices that are more accurate bias resistant and motivational and which improve student learning empower teachers and transform classrooms as a result In this newly updated edition of the best selling Grading for Equity Joe Feldman provides a valuable resource for anyone invested in grading and its impact on students education mental health and future opportunities Offering a research based alternative to the status quo this practitioner friendly guide provides Extensive revisions that reflect how the pandemic and the Black Lives Matter movement shifted traditional grading systems New data from both academic research and classrooms that demonstrate the benefits of equitable grading for all students Clear approaches to implement equitable grading practices Updated information on several equitable grading practices including proficiency scales A new concluding chapter that

explores implementing equitable grading system wide With a down to earth style driven by the author s own curiosity as a teacher principal district administrator and university instructor this book will invite and challenge you to think about how more equitable grading when implemented effectively creates a more rigorous humane and positive school experience for all

Real Talk for Real Teachers Rafe Esquith,2013-07-16 The New York Times bestselling author and world renown teacher offers no nonsense wisdom for teachers of all ages There s no one teachers trust more to give them classroom advice than Rafe Esquith After more than thirty years on the job Esquith still puts in the countless classroom hours familiar to every dedicated educator But where his New York Times bestseller *Teach Like Your Hair s on Fire* was food for a teacher s mind *Real Talk for Real Teachers* is food for a teacher s soul Esquith candidly tackles the three stages of life for the career teacher and offers encouragement to see them through the difficult early years advice on mid career classroom building and novel ideas for longtime educators With his trademark mix of humor practicality and boundless compassion Esquith proves the perfect companion for teachers who need a quick pick me up a long heart to heart or just a momentary reminder that they re not alone

Multiple Regression and Beyond Timothy Z. Keith,2014-12-19 Multiple Regression and Beyond offers a conceptually oriented introduction to multiple regression MR analysis and structural equation modeling SEM along with analyses that flow naturally from those methods By focusing on the concepts and purposes of MR and related methods rather than the derivation and calculation of formulae this book introduces material to students more clearly and in a less threatening way In addition to illuminating content necessary for coursework the accessibility of this approach means students are more likely to be able to conduct research using MR or SEM and more likely to use the methods wisely Covers both MR and SEM while explaining their relevance to one another Also includes path analysis confirmatory factor analysis and latent growth modeling Figures and tables throughout provide examples and illustrate key concepts and techniques For additional resources please visit <http://tzkeith.com>
