Poems of Cupid, God of Love Thelma S. Fenster, Mary Carpenter Erler, 2023-08-21 The lightheartedness of these works both masks and enhances their engagement with provocative issues of continuing interest today conduct in society literary practice and moral praxis relations between men and women the value of received wisdom This volume offers texts of two medieval French poems by Christine de Pizan the *Epistre au dieu d'amours* and *Dit de la Rose* together with the first translation of these poems into modern English The medieval English adaptation of Christine's *Epistre* Thomas Hoccleve's *The Letter of Cupid* is likewise presented here and provided with a modern English translation Finally an eighteenth century version of Hoccleve's poem George Sewall's *The Proclamation of Cupid* is edited here for the first time The editions of these poems by Christine last edited a century ago are based on the most recent scholarly findings The edition of Hoccleve's poem reproduces its authorial punctuation from manuscript for the first time and thus sheds light on the vexed question of fifteenth century English metrics The lively modern English translations of both can be used by students scholars and the general reader

Richard Bancroft and Elizabethan Anti-Puritanism Patrick Collinson, 2013-01-03 A major study of the Elizabethan Puritan movement as seen through the eyes of its most determined opponent Richard Bancroft **Minstrels and Minstrelsy in Late Medieval England** Richard Rastall, Andrew Taylor, 2023 A major new study piecing together the intriguing but fragmentary evidence surrounding the lives of minstrels to highlight how these seemingly peripheral figures were keenly involved with all aspects of late medieval communities Minstrels were a common sight and sound in the late Middle Ages Aristocrats knights and ladies heard them on great occasions such as Edward I's wedding feast for his daughter Elizabeth in 1296 and in quieter moments in their chambers town dwellers heard and saw them in civic processions when their sound drew attention to the spectacle and even in the countryside people heard them at weddings church ales and other parish celebrations But who were the minstrels and what did they do How did they live and how easily did they make a living How did they perform and in what conditions The evidence is intriguing but fragmentary including literary and iconographic sources and most importantly the financial records of royal and aristocratic households and of towns These

offer many insights although they are often hard to fit into any coherent picture of the minstrels lives and their place in society It is easy to see the minstrels as peripheral figures entertainers who had no central place in the medieval world Yet they were full members of it interacting with the ordinary people around them as well as with the ruling classes carrying letters and important verbal messages some lending huge sums of money to the king to finance Henry V s Agincourt campaign in 1415 for instance some regular and necessary civic servants some committing crimes or suffering the crimes of others In this book Rastall and Taylor bring to bear the available evidence to enlarge and enrich our view of the minstrel in late medieval society

Devotion to the Name of Jesus in Medieval English Literature, c. 1100 - c. 1530 Denis Renevey,2022-08-01 Devotion to the Name of Jesus in Medieval English Literature c 1100 c 1530 offers a broad but detailed study of the practice of devotion to the Name of Jesus in late medieval England It focuses on key texts written in Latin Anglo Norman and Middle English that demonstrate the way in which devotion moved from monastic circles to a lay public in the late medieval period It argues that devotion to the Name is a core element of Richard Rolle s contemplative practice although devotion to the Name circulated in trilingual England at an earlier stage The volume investigates to what extent the 1274 Second Lyon Council had an impact in the spread of the devotion in England and beyond It also offers illuminating evidence about how Margery Kempe and her scribes used devotion how Eleanor Hull made it an essential component of her meditative sequence seven days of the week and how Lady Margaret Beaufort worked towards its instigation as an official feast

What Kind of a Thing Is a Middle English Lyric? Cristina Maria Cervone,Nicholas Watson,2022-08-30 What Kind of a Thing Is a Middle English Lyric considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries The chapters draw on perspectives from varied disciplines including literary criticism musicology art history and cognitive science Since the early 1900s the poems have been categorized as lyrics the term now used for most kinds of short poetry yet neither the

difficulties nor the promise of this treatment have received enough attention In one way the book argues considering these poems to be lyrics obscures much of what is interesting about them Since the nineteenth century lyrics have been thought of as subjective and best read without reference to cultural context yet nonetheless they are taken to form a distinct literary tradition Since Middle English short poems are often communal and usually spoken sung and or danced this lyric template is not a good fit In another way however the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have much to offer those debates and vice versa As its title suggests this book thus goes back to the basics asking fundamental questions about what these poems are how they function formally and culturally how they are and are not related to other bodies of short poetry and how they might illuminate and be illuminated by contemporary lyric scholarship Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers The editors introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in several senses of that word The book ends with eight new Middle English lyrics by seven contemporary poets The Oxford Encyclopedia of British Literature David Scott Kastan,2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/eb1 Peacemaking and Religious Violence Roger A Johnson,2011-05-26 From its very beginning Christian faith has been engaged with religious violence The first Christians were persecuted by their co religionists and then by imperial Rome Jesus taught them in such circumstances not to retaliate but to be peacemakers to love their enemies and to pray for their persecutors Jesus s response to religious violence of the first century was often ignored but it was never forgotten Even during those centuries when the church herself persecuted Christian heretics Jews and Muslims some Christians still struggled to bear witness to the peace mandate of their Lord In the thirteenth century Thomas Aquinas wrote a theology to help his Dominican brothers persuade Cathar Christians to return to their Catholic faith peacefully Ramon Lull a Christian student of Arabic and the Qur an sought to help his fellow Christians recognize the elements of belief they shared in common with the Muslims in their midst In the fifteenth century Nicholas of Cusa a Church Cardinal and theologian expanded Lull s project to include the newly discovered religions of Asia In the seventeenth century Lord Herbert an English diplomat and lay Christian began to identify the political union of church and government as a

causal factor in the religious warfare of post Reformation Christendom One and a half centuries later Thomas Jefferson a lay theologian of considerable political stature won a political struggle in the American colonies to disestablish religion first in his home colony of Virginia and then in the new nation he helped to found All five of these theologians reclaimed the peace mandate of Jesus in their response to the religious violence of their own eras All of which points us to some intriguing Christian responses to religious violence in our own century as recounted in the epilogue

From God to Climate Change Tony Garnier, 2022-11-25 This is my story of my grandfather and father and the divergent paths they took in respective 30 year plus careers to influence seemingly unrelated world trends continuing to this day one to contribute body mind and spirit to the extraordinary rise of China to become a world power and the other to detail the damage to Earth of human induced climate change decades before the rest of the world woke up to it Each career logically leads to a modern day synopsis of their perspective of life based on their major achievements Alberto Giovanni Garnier a Waldensian Italian who in 1948 became Albert John Garnier and a British citizen was an influential Protestant Baptist missionary to China for 30 years Between 1906 and 1936 Albert or Chia Liyan as Chinese named him was known to millions through his many radio talks and publications In 1933 he was instrumental in founding a religious radio station in Shanghai from which he frequently broadcast across China A noted linguist the story highlights Albert's harrowing account of his imprisonment without trial on the Isle of Man during World War II even though he had been appointed a Censor to monitor war time China and Italian mail services Benjamin John Garnier his son was a scientist As a climatologist over 40 years of research and thinking in New Zealand Nigeria United States Canada and Italy he came to believe that the solution to the problems threatening Earth resided squarely in the three part evolution of the human brain Earth is going to end up a living hell if we don't learn how to ignore the destructive messages coming from the more primitive parts of our brains It is also the story of my relationship with Albert and Ben through 25 years of family separation I never met Albert although he constantly wrote to me through my teenage years after my father left his family stranded in New Zealand in 1950 It would not be until 1975 that I caught up with Ben and repaired our relationship
