Taylor, 2002 What determines sovereign risk We study the London bondmarket from the 1870s to the 1930s Our findings support conventional wisdom concerning the low credibility of the interwar gold standard Before 1914 gold standard adherence effectively signalled credibility and shaved 40 to 60 basis points from country borrowing spreads In the 1920s

however simply resuming prewar gold parities was insufficient to secure such benefits Countries that devalued before resumption were treated favorably and markets scrutinized other signals Public debt and British Empire membership were important determinants of spreads after World War One but not before      Bulletin of the New York Public Library New York Public Library,1927      **How to Read the Money Article** Charles Duguid,1901      Mining Journal, Railway & Commercial Gazette ,1898      The Investors' Review ,1895      **United States Investor** ,1903
