

## JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Ethics and Future Generations Rahul Kumar,2018-10-18 Existing human beings stand in a unique relationship of asymmetrical influence over future generations Our choices now can settle whether there are any human beings in the further future how many will exist what capacities and abilities they might have and what the character of the natural world they inhabit is like This volume with contributions from both new voices and prominent established figures in moral and political philosophy examines three generally underexplored themes concerning morality and our relationship to future generations First would it be morally wrong to allow humanity to go extinct Or do we have moral reasons to try and ensure that humanity continues into the indefinite future Second if humanity is to continue into the future how many people should there be And is it morally important whether they have lives that are of high quality or are just barely worth living And third how can we best make sense of the intuitive idea that by not taking action on climate change and preserving natural resources we are in some way wronging future generations This book was originally published as a special issue of the Canadian Journal of Philosophy
