

Shift Fork Installation

Each shift fork has an identification mark; "R" is for the right shift fork, "L" is for the left shift fork and "C" is for the center shift fork.

Apply molybdenum disulfide oil (a 50/50 mixture of engine oil and molybdenum disulfide grease) to the M3/4, C5 and C6 gear shift fork grooves.

Install the shift forks aligning the shift drum pins with the shift drum grooves with the identification marks facing the right side of the engine.

Apply clean engine oil to the shift fork shaft and install it through the shift forks.
