A Celebration of the EDGE Program's Impact on the Mathematics Community and Beyond
Susan D'Agostino, Sarah Bryant, Amy Buchmann, Michelle Craddock Guinn, Leona Harris, 2019-08-31

The Enhancing Diversity in Graduate Education EDGE Program began twenty years ago to provide support for women entering doctoral programs in the mathematical sciences With a steadfast commitment to diversity among participants faculty and staff EDGE initially alternated between Bryn Mawr and Spelman Colleges In later years EDGE has been hosted on campuses around the nation and expanded to offer support for women throughout their graduate school and professional careers The refereed papers in *A Celebration of the EDGE Program's Impact on the Mathematics Community and Beyond* range from short memoirs to pedagogical studies to current mathematics research All papers are written by former EDGE participants mentors instructors directors and others connected to EDGE Together these papers offer compelling testimony that EDGE has produced a diverse new generation of leaders in the mathematics community This volume contains technical and non technical works and it is intended for a far reaching audience including mathematicians mathematics teachers diversity officers university administrators government employees writing educational or science policy and mathematics students at the high school college and graduate levels By highlighting the scope of the work done by those supported by EDGE the volume offers strong evidence of the American Mathematical Society's recognition that EDGE is a program that makes a difference This volume offers unique testimony that a 20 year old summer program has expanded its reach beyond the summer experience to produce a diverse new generation of women leaders nearly half of whom are underrepresented women While some books with a women in math theme focus only on one topic such as research or work life balance this book's broad scope includes papers on mathematics research teaching outreach and career paths
